Yockey

b7C, b7D
[redacted] late in 1940 advised that a Mr. Yockey, c/o the Arcade Cafeteria, 82 South Clark Street, Chicago, Illinois, a law student at Chicago University, travelled under the name of Francis Parker and lectured under that name and posed as an international law authority at meetings where he lectured. [redacted] had had considerable contact with the activities of the German-American Bund. (65-6990-9)

In February, 1943, another government agency prepared a list of disloyal or subversive persons who were suspected Nazis in the Sixth Service Command. In this list was included Francis Yockey, Loyola University, Chicago, Illinois. (100-42328-362)(ARMY)

According to another government agency, a source advised on March 6, 1943, that he attended a Silver Shirts meeting in 1939 near Chicago and that one Francis Yockey was one of the speakers. (100-8243-12, pg. 6)(ARMY)

b7C, b7D
On June 30, 1941, [redacted] advised that Francis Yockey was a friend of Herbert Haupt, convicted Nazi saboteur, prior to Haupt's departure from the United States to Germany. (98-10280-241)

Another government agency advised that Francis Yockey enlisted in the United States Army on May 30, 1942, and was dropped as a deserter in September, 1942. He surrendered in November, 1942, and was discharged on July 13, 1943, by reason of dementia praecox, paranoid type. In 1943 Yockey secured a position in Germany connected with the war crimes and later allegedly broke his contract with his employer. (ARMY) (64-32612-2)

A source of unknown reliability advised in December, 1943, that F. Parker Yockey described himself as a United States review attorney and had created unfavorable impressions in Germany when interceding on behalf of German war criminals who had been sentenced to death. (64-32612-142)

SECURITY INFORMATION - SECRET

Another government agency advised in January, 1950, that according to a Dr. Witt, who was Director of the Nassau Landes Zentral Bank, city in Germany not given, advised that an American, one Francis Jockey, was spreading Nationalist-Bolshevik propaganda in the United States zone. Jockey was reportedly contacting ex-Nazi and ex-Wehrmacht officers and had written an anti-capitalistic and anti-Semitic book, for which he sought a German translation. The other government agency further stated that Jockey was believed to be identical with the estranged husband of Alice Jockey, a former USAF employee in Wiesbaden in 1947. It is noted that the last name is correctly spelled Jockey, and that her husband was Francis Parker Jockey, a former employee of the Fur Crines Branch.

Dr. Witt told the other government agency that Jockey had many friends in the Wiesbaden area and that such friends at one time were interested in Jockey's Nationalist-Bolshevik, anti-Semitic, anti-capitalistic views, but became suspicious of him and felt awkward about their former enthusiasm. Dr. Witt stated that this Jockey published a book in either England or Ireland under the pen-name of "Varange." Witt had looked over a copy of this book and concluded that it was an advocacy of the totalitarian state, of anti-Semitism, and was based on the writings of Spengler, and Nietzsche's concept of the superman. Witt characterized Jockey as a "crackpot" who advocates German nationalism.

This other government agency further advised that a Mr. A.V. Gaedertz, Jr., a German national at Wiesbaden, Germany, had advised that he had met Jockey who sought to enlist him into an underground "resistance" movement. Gaedertz concluded that Jockey was searching for young Germans, preferably ex-Wehrmacht officers who were not totally disillusioned and who would "stand up" against the occupation authorities. Gaedertz stated that he had translated into German a pamphlet written by Jockey, entitled, "Why the Americans Did Not Go To Berlin." This pamphlet, according to him, proposed to expose the Jewish-Communist-Capitalistic influences that were directing American military policy.

This source stated that one Gisella Kuhn, a German national of Wiesbaden, stated that she had met Jockey in the summer of 1948, and had seen him off and on through June, 1949. She described Jockey as an advocate of the re-establishment of the Nazi Regime in Germany. (105-8229)(ARMY)

*State Dept info is unchanged
per State let 5-27-50.*

This is to advise that Mr. MILES E. BRIGGS, Special Agent, State Department, U. S. Customs Building, 601 South Canal Street, Chicago, Illinois, furnished SA PAUL B. FRANKFURT, on March 14, 1952, a copy of a confidential report which the State Department had recently received from their office in Canada, a photostatic copy of which is attached hereto. It should be noted that the printed "CONFIDENTIAL" on the first and second pages, and the printed reference to "Mrs. VINETTE YOCKEY" were written by BRIGGS.

Mr. BRIGGS advised that his office was conducting an inquiry concerning FRANCIS PARKER YOCKEY, 722 Junior Terrace, Chicago, for the purpose of picking up his passport. BRIGGS stated that the person at this address, who indicated that he was a relative of YOCKEY's, was very unco-operative in his attitude and stated that YOCKEY was out of town and would not furnish his present address.

Mr. BRIGGS advised that this information had probably been furnished to the Bureau earlier and that he was merely furnishing it for our information.

[REDACTED] United States Department of State, Room 917,
 United States Court and Custom House, 1114 Market Street, St. Louis,
 Missouri, who desires that his identity be maintained in strictest
 confidence, exhibited to SA HARRY C. JUNG of this office a foreign
 service dispatch dated November 9, 1951 concerning the above captioned
 individuals, which was prepared by the Consul General, United
 States of America, Montreal, Canada, which contained the following
 information:

[REDACTED] overheard a conversation between two men, later
 learned to be the two mentioned above. The gist of the conver-
 sation was that they were and had been spies for the Nazis and
 Fascists during World War II. Mr. BOSCHI stated he was an aris-
 and that during the war he had a rooming house in Santiago de
 Chile and certain connections on the waterfront. These connecti-
 directed American Naval Captains to his rooming house when they
 sought information as to where they could be entertained; that
 from information he obtained from women he introduced to them,
 he was able to learn the departure dates of their respective
 ships; that he would then wire this intelligence to German subma-
 rines and boasted he had supplied information resulting in the
 sinking of twelve American and British ships. They were familia-
 with all events of the war and were on intimate terms with high-
 ranking Nazis and Fascists, mentioning many names, events and
 places in connection with their espionage activities. They were
 in Montreal for the purpose of opening a Fourth Front magazine
 and mentioned a contact that they were here to make with a

Canadian Fascist. They mentioned that they were both wanted by the authorities, but did not worry as long as they were in Canada where they knew they would be safe due to the inefficiency and stupidity of the Canadian intelligence service, and that they were free to avoid American Customs and Immigration regulations due to the stupidity of members of these two services. They also mentioned that they had witnessed part of the Hitler extermination program and had the greatest admiration for Hitler. Mr. Boschi mentioned to Mr. Yockey that it was a pleasure to meet a high-ranking official of the party and they made frequent mention of an underground movement. They also spoke of one of their members connected with a New York City newspaper ~~"Little Italy"~~ which was encouraging their readers to write letters to the President and to members of Congress to further their cause.

"This matter was reported [REDACTED]"

The next morning, November 8, 1951, they informed us that the two suspects were coming to the Consulate General for visas. They appeared shortly afterwards and the following data were obtained.

"Egidio ~~BOSCHI~~: born June 6, 1903 at Lavagna, Italy; son of Joseph and Angela Podesta; occupation artist-painter; grey hair, brown eyes, height 5-10; residence Calle Lord Cochrane, 538 Santiago de Chile for past 22 years; nearest relative wife Magsa; bearer of Italian passport issued by Italian Consulate at Santiago de Chile dated October 21, 1949 expires on March 26, 1952; Destination to Mr. Francis ~~Yockey~~, 722 Junior Terrace, Chicago, Illinois. His application for 3 (2) visa is pending clearances and outcome of local investigation. Recently visited Italy, France, Switzerland and England.

"Francis Parker YOCKEY: born Chicago, Illinois, September 18, 1917; bearer of United States passport No. 1893 issued at Naples, Italy, October 17, 1951; now residing at 722 Junior Terrace, Chicago, Illinois; previous address 702 E. Ludington Avenue, Ludington, Michigan; occupation Attorney at Law.

Boschi and Yockey in their hotel room to the effect that they were members of the Fascist organization but that they were willing to transfer their services to the Russians but in no case would they work for the United States or Great Britain - that they were in Canada for the purpose of opening a Fourth Front magazine - that they had made contact with Adrien Arcand. (Adrien Arcand was arrested and imprisoned in Canada in 1940 for his activities in the furtherance of the Axis cause. He is now residing in Montreal and is still believed to be an ardent Fascist.) Mr. Yockey remarked that he had travelled considerably in Germany, Italy and Switzerland; that the last time he was in Germany he was wanted by the military police, but succeeded in evading them and returned to the United States where he expected to be held on arrival, but entered the country without any difficulty. He also mentioned that he had married a German girl in Germany, but was now divorced. He said he was well acquainted with German officials and ex-officials, among them Von Pappen.

"A search was made of their room and two microscopes, one pair of powerful field glasses and a very expensive German camera were found. Both men are under surveillance by [REDACTED] who believe that they are engaged in subversive activities and are probably endeavoring to revive the Fascist movement in Canada, which was very strong at the beginning of World War II. (subjects have moved to the Windsor Hotel)."

b7C

[REDACTED] personally conducted an investigation concerning the above information and the results of his investigation are summarized as follows:

Shortly before Christmas, 1951, a trunk belonging to YOCKEY was sent from New York, New York, via Railway Express, collect, to his sister Mrs. WILLIAM COYNE, 147 East Tydenman Street, Roxana, Illinois. YOCKEY, however, has not appeared at the residence of this sister.

INTERVIEW WITH ASSOCIATES

~~SECRET~~

b1

(c) [REDACTED] a former associate of the subject had advised them on September 16, 1951 that he was acquainted with FRANCIS PARKER YOCKEY for a short time and considered YOCKEY to be somewhat of a "character". According to this associate, YOCKEY was extremely dissatisfied with his position with the American Red Cross and felt he was being picked on by his superiors. The associate stated that YOCKEY at times spoke very strongly against the United States State Department, speaking at length about the Communists in the State Department and during one conversation claimed he could pick out a Communist with ease from his speech, writings, or actions. YOCKEY referred to many prominent persons as "Commies" and was very partial to Germans, stating that he liked the German people very much. Informant further advised that another associate of YOCKEY, interviewed on September 20, 1951 advised that the subject was so disliked by his associates, that they requested they not be assigned with him. This associate stated that his first impression of YOCKEY was that YOCKEY was slightly "queer". However, the associate noticed that YOCKEY had a great deal of interest in the other sex being seen almost every night with a different woman and even attempted to take the women to his room in the hotel. This associate advised that YOCKEY was argumentative and caused friction, however, YOCKEY was an exceptionally intelligent person and has the ability to be affable and pleasant and when it is his desire, he makes a favorable impression. This associate is also of the opinion that YOCKEY had joined the American Red Cross for the sole purpose of traveling to Germany.

It is to be noted that the Silver Shirt Legion of America has been cited by the Attorney General pursuant to Executive Order 9835 as an organization which has adopted the policy of advocating or approving the commission of acts of force and violence to deny others their rights under the Constitution of the United States.

In an article appearing in the Chicago "Daily Times" on September 22, 1940 under the heading "I Did Hitler's Dirty Work in Chicago", one RAYMOND J. HEALY states that one of the speakers on Pro-Nazism was billed as FRANCIS PARKER of the University of Virginia, a noted international law attorney. According to HEALY, PARKER "actually is an anti-Semite named YOCKEY, who was a bus boy in the Arcade Cafe, 32 South Clark Street." HEALY continued that Mrs. LEAL de LAFAYETTE WASH-BURN of the National Liberty Party, suggested that some orator like YOCKEY should lead the National Liberty Party.

b1 [REDACTED] (c) a source of undetermined reliability had advised that he met FRANCIS YOCKEY, a student at Loyola University, Chicago, Illinois at Camp Custer, Michigan in 1942. This source stated that YOCKEY was constantly stirring up discord and was an admirer of WILLIAM DUDLEY PELLEY.

b1 [REDACTED] (c) a source had advised them that he had attended a meeting of the Silver Shirts at WILLIAM B. WERNECKE's farm near Chicago at which meeting FRANCIS YOCKEY was the speaker. This source advised that YOCKEY had told him that he was the author of several articles for "Social Justice".

[REDACTED] a source in Germany had advised that an American, one FRANCIS JOCKEY was spreading Nationalist Bolshevist propaganda in the United States zone and was reportedly contacting ex-Nazi and ex-Wehrmacht officers and had written an anti-capitalistic and anti-Semitic book for which he sought a German translation. The government agency further stated that JOCKEY was believed to be identical with the estranged husband of ALICE JOCKEY, a former USAFE employee in Weisbaden in 1947. The informant told the government agency that JOCKEY had published books in either England or Ireland under the pen name of VARANGE. The source had looked over a copy of this book and concluded that it was an advocacy of totalitarianism and of anti-Semitism and was based on the writings of SPENGLER and the Nietzsche concept of the superman. This source characterized JOCKEY as a "crackpot" who advocates German nationalism.

This other government agency further advised that another source had advised that JOCKEY had attempted to enlist him into an underground "resistance movement". The source concluded that JOCKEY was searching for young Germans, preferably ex-Wehrmacht officers who were not totally disillusioned and who would "stand up" against the occupation authorities.

This source advised that JOCKEY had written a pamphlet entitled "Why the Americans Did Not Go To Berlin", which proposed to expose the Jewish-Communist-Capitalistic influences that were directing American military policy. This informant further stated that another source had described YOCKEY as an advocate of the re-establishment of the Nazi regime in Germany.

Rerep SA JOHN E. MOONE dated 7/3/52 at Chicago.

For the possible assistance of Chicago there is enclosed one copy of the report of SA JOSEPH E. JONES dated 6/29/48 at San Antonio concerning ALICE O'REAR YOCKEY, LGE, containing the background and results of investigation concerning the subject's estranged wife.

b7C The espionage case on [REDACTED] was opened in the San Antonio office in October, 1942, on a rather vague suspicion that [REDACTED] might possibly be engaged in some espionage activities. This case was ultimately closed on October 12, 1943, upon [REDACTED] entry into the U. S. Army. There is a great deal of information concerning [REDACTED] contained in the file and it doesn't appear that any of the information would be particularly pertinent to Chicago's current investigation. This file reflects that YOCKEY and [REDACTED] about October, 1942, made a trip to Mexico City endeavoring to locate one "HANS, the German sailor boy" and to inquire about transportation to Spain from San Antonio or Mexico. The file indicates that YOCKEY, with alias TORQUEMADA, while in San Antonio, registered at the St. Anthony Hotel on October 3, 1942, using the alias GEORGE PATTERSON, 714 Henison or 714 Kenesaw, Chicago, Illinois. At the time of YOCKEY's marriage to ALICE on July 6, 1943, he gave his address as 810 North Street, Mt. Vernon, Illinois. His marriage certificate also bears the address 722 Junior Terrace, Chicago, Illinois.

b7C YOCKEY is reported to have been in the U. S. Army and discharged prior to his marriage. The espionage file further reflects that information furnished by the St. Louis office indicates that YOCKEY was in deserter status at the time of his trip to Mexico with [REDACTED]

The file indicated that in 1944 the Subject had his offices at 2746 Penobscot Building, Detroit, and in 1945 at 630 Pingree, Detroit, Michigan. No date was shown but there was an indication that he also worked for the Mount Vernon Lease and Royalty Company, Mount Vernon, Illinois.

The file indicated that in 1944 the Subject was using the name PARKER YOCKEY and as of March 22, 1945 he was an applicant for the job of attorney in the Office of Price Administration, Detroit, Michigan, under the name of PARKER F. YOCKEY. This was obtained from a letter directed to the State Bar of Michigan from Region #3, Union Commerce Building, Cleveland, Ohio, Office of Price Administration.

The following are the verbatim contents of a letter directed to the Michigan Bar Association from FRANCIS P. YOCKEY, 6341 Greenview Avenue, in care of COYNE, Chicago, Illinois. This letter was undated but was received at the State Bar of Michigan Office on November 26, 1941:

"Gentlemen:

"I have reason to suspect that a certain person in Chicago has recently sent you a letter concerning me and containing vicious libels on my character.

"My reasons for the suspicions are these:

"My sister, ALYCE LOUISE YOCKEY, who is an ex-ray technician, incurred the hatred of this man by be-friending a certain young lady whom he was persecuting. When he discovered this, he called my sister's employer and slandered my sister viciously, saying that he was a representative of the Federal Bureau of Investigation, and that my sister was an agent of the German Government and a peddler of narcotics. He also slandered, in the presence of many witnesses, the character of my other sister, and my brother-in-law, W. D. COYNE. He further called the employer of my brother-in-law who is a graduate of the United States Naval Academy and working as an engineer on defense contracts - and, again saying he was an agent of the Federal Bureau of Investigation, said that my brother-in-law was stealing plans and transferring them to me, and that I was selling them to the Japanese Government. He further slandered all of us by saying that we were dope addicts, peddlers of narcotics, kidnappers, and keepers of a house of ill fame.

(DE 100-20737)

"From the above you will no doubt understand why I suspect that this man may have written to you. The members of my family and I are going to pursue our legal remedies, and therefore, if you have received any libelous matter concerning me, I request that you send it to me for evidentiary purposes, or at least a copy of it. The man in question is WILLIAM WERNECKE. When we notified the Federal Bureau of Investigation of these instances, we learned that they have a thick file on this man's subversive activities, but that so far he has eluded the law.

"I passed the Bar examination given last June in Ann Arbor, but as I understand it, I am not a full member of the Michigan Bar Association until January, when the dues are payable. Nevertheless, I suspect that this man may have written to you in the hope of damaging my character.

"I hope, that in view of the seriousness of this matter, that I shall hear from you soon.

"Respectively yours,

"s/ FRANCIS P. YOCKEY"

It should be noted that a letter was directed to YOCKEY from the State Bar of Michigan, advising him that they had heard nothing from this individual by the name of WILLIAM WERNECKE.

The following investigation was conducted by Special Agent J. RAYMOND COGHIAN.

The file also contained the subject's application for Notre Dame dated September 5, 1940. It gave his home address as 702 East Ludington Avenue, Ludington, Michigan, and his birth data as September 18, 1917, Chicago, Illinois. The person responsible for his account was listed as Mrs. LOUIS F. YOCKEY of the same address as the subject. Father R. E. FITZPATRICK, Alpena, Michigan, was listed as a reference.

Another card in the file indicated the subject's grades at Notre Dame and that he had been graduated on June 1, 1941, cum laude, with a Bachelor of Laws degree.

b7D
Another sheet in the file indicated that a photostatic transcript of the subject's record had been sent to the law offices of JOHN LANNIN, Rogers Building, Mount Vernon, Illinois, on January 10, 1942. This also showed that a copy had been sent to the student on December 13, 1945, and [REDACTED] said that inasmuch as it was not indicated to what address this copy had been sent, it was probable that it had been sent to the address (above) listed as the subject's home address.

The final item in the file was a slip giving the subject's local address as 408 Pokagon, South Bend, Indiana.

The South Bend City Directory indicates that Mrs. GLADYS DRIVER lived at 408 Pokagon during the pertinent period but left about 1943. She is not currently listed as living in South Bend, Indiana, and Confidential Informant T-1 of known reliability, another United States government agency, has no forwarding address for her.

b7D [redacted] made available for photostating two letters from [redacted] dated 6/5/52 and 5/31/52, as well as a letter to them from their daughter, dated 6/4/52. Information furnished by [redacted] was obtained from these letters, which are not being set out in detail herein.

By teletype to the Bureau 6/25/52 the New York Office advised that [redacted]

b7C
b7D [redacted] advised the New York Office that her niece, [redacted] had been living with FRANCIS PARKER YOCKEY as man and wife at the Lyric Hotel, Atlantic City, N.J. under the name FR. DOWNEY. She stated that [redacted] visited in her home 6/23 and 24/52 and that the Subject was staying at the YMCA, 34 St. and 8th Ave., New York City. She stated that her niece had returned to Baltimore but would return to New York about 7/1/52. b7C

b7C
b7D [redacted] Million Dollar Pier, Boardwalk, Atlantic City, N.J., stated that the Subject arrived in Atlantic City, N.J. about the middle of May, 1952 with an exhibit of landscape paintings on pinheads which he desired to exhibit. [redacted] stated that the Subject told him that this exhibit had been very successful at the Festival of Britain and that he, [redacted] invested about \$500 in fixing up the exhibit. [redacted] advised that the exhibit ran for about a month but never took in more than a dollar or two a day and that on 6/18/52 he found it necessary to discontinue it and devote the space to something more lucrative.

b7C
b7D [redacted] advised that his dealings with the Subject were completely amicable and that YOCKEY is a gentleman in every respect. He advised that it is customary for the Pier to advance money to operators of exhibits and games, but that YOCKEY refused to accept any money because he realized the exhibit was not paying and he would not be able to repay [redacted]. At the time the exhibit closed he did borrow from [redacted] sufficient funds to get to New York, after [redacted] advised him to try to set up the exhibit in the art or book department of some department store as a free attraction with the department store paying a fixed amount for its use.

b7C
b7D [redacted] advised that YOCKEY told him he was from Roxana, Ill.; that he was an attorney and that he had at one time been Assistant Prosecutor in a small town in the peninsula of Michigan, the name of which [redacted] has forgotten. He also told [redacted] that he was residing at the Endicott Hotel,

b7D
upon first arriving in Atlantic City, but moved to an apartment on Arkansas Ave. shortly after the exhibit started. [REDACTED] stated he never discussed politics with the Subject and did not know his beliefs, but that in general conversations with him it was obvious he is a man of intelligence and education.

b7C
b7D
[REDACTED] at Million Dollar Pier, stated he had little to do with the Subject because all dealings were handled directly with [REDACTED]. He stated that in conversations with him he was impressed by his intelligence, but politics were never discussed and he does not know Subject's beliefs in that line. [REDACTED] stated that he met Subject's wife on one occasion on passing on the street but could only describe her as a tall, willowy, good looking blonde.

b7C
b7D
Neither [REDACTED] knew of any friends or associates YOCKEY might have in Atlantic City or vicinity.

b7C
b7D
[REDACTED] of the Endicott Hotel, S. Tennessee Ave., Atlantic City, N.J., stated that the hotel records indicate that F. YOCKEY, Roxana, Ill. checked in on 5/9/52 and his room was declared vacant 5/25/52. They stated that the records indicate he was joined by his wife the nights of 5/12/52 and 5/24/52. They related that on 5/24/52 two men came to the hotel about midnight to see the YOCKEYS and the night man, ED GLANCY, showed them to the hotel lounge and advised the YOCKEYS of the presence of visitors. They stated that GLANCY informed them that the men stayed a short while and, immediately upon their leaving, the YOCKEYS paid their bill and checked out. GLANCY stated the two men returned in the early morning hours of 5/25/52 and were informed that the YOCKEYS had checked out.

b7C
b7D
[REDACTED] stated that they had been curious about the identity of YOCKEY's "wife" and questioned GLANCY as to the identity of the visitors but he stated he had only seen them briefly and, considering it completely routine, had not observed them closely enough to provide any descriptive data. They stated that they knew of no mail or telephone calls received by YOCKEY, nor did they know of any friends or associates he might have.

NK 105-918

b7C
b7D [redacted] Lyric Hotel, 14 S. Arkansas Ave., Atlantic City, N.J., produced her records which indicated that Mr. and Mrs. FRANCIS DOWNEY, 714 Kenesaw Terrace, Chicago, Ill, Apartment 6, rented an apartment in the hotel on 5/28/52 for the summer and that they left on 6/18/52. She advised that DOWNEY had an exhibit of pinhead paintings at Million Dollar Pier, but it apparently did not go over and was closed suddenly by the management, leaving him without means of support. She stated that the DOWNEYS had been unable to pay the full season's rent upon moving in, but she accepted the \$75 deposit they had paid as rent for the period of occupancy and they owed her nothing upon leaving.

b7C
b7D [redacted] stated that they told her upon leaving that they would visit friends in Philadelphia and gave her a forwarding address of 3431 Greenview Ave., Philadelphia, Pa. She stated that they received only one letter while residing at the hotel which came just before they left. She stated they also received a long distance telephone call which she believed was from Illinois a day or so prior to receipt of the letter.

for a passport violation. According to [REDACTED] the two of them had been residing at the Lyric Hotel, Atlantic City, New Jersey, under the name of F. DOWNEY. She also stated that her niece had mentioned that the subject was residing at the Young Men's Christian Association, Sloane House, 34 Street, New York City, as of June 24, 1952.

b7C,
b7D
[REDACTED] continued and stated that she had never seen YOCKEY and that all information concerning him was obtained through her niece, and, according to her, YOCKEY was supposedly a lawyer and writer of a political book. She also stated that YOCKEY had a sister by the name of VANETTA COYNE, residing in Chicago, Illinois.

b7C,
b7D
[REDACTED] stated that, according to her niece, YOCKEY had sent his passport to a friend at Sandy Spring, Maryland, and the subject was presently in New York in an effort to set up a concession at Coney Island displaying pictures engraved on the heads of pins. The complainant stated that her purpose in notifying the Bureau was that she did not mind if her niece continued to live with the subject but, if he was wanted by the Bureau, she would most certainly disapprove of this relationship.

b7C,
b7D
On July 7, 1952, [REDACTED] personally appeared at the New York Office and gave the following information concerning the relationship of her niece with YOCKEY:

b7C,
b7D
She stated that her niece, [REDACTED] first met b7C YOCKEY in St. Louis, Missouri, where [REDACTED] husband was [REDACTED]. She met YOCKEY through [REDACTED]. According to [REDACTED] VANETTA COYNE's husband is now on active duty with the Navy and she is residing outside of St. Louis in Roxanna, Illinois. According to [REDACTED] YOCKEY had been engaged to VANETTA's [REDACTED].

sister but broke it off. It is to be pointed out that [redacted] stated that VANETTA COYNE resided in Chicago, Illinois, and Roxanna, Illinois. She could not be certain as to COYNES' present residence.

b7C/
b7D
It is noted that [redacted] statements concerning the relationship of VANETTA COYNE to subject YOCKEY are contradictory.

b7C/
b7D
However, as a result of this introduction [redacted] saw a great deal of YOCKEY in St. Louis. According to [redacted] who had an opportunity to go through his wife's letters, [redacted] "had an affair" with YOCKEY while in St. Louis. [redacted] was transferred [redacted] and some time during the early part of 1952 YOCKEY appeared at their home and resided with them for approximately three months. [redacted] could not explain [redacted] permitting such a condition to exist, but nevertheless it did. As a result of this, [redacted] ran away to Atlantic City with YOCKEY in the spring of this year. From her conversations with her niece, whom [redacted] was quick to point out was a confirmed liar, she had been able to gather the following information:

b7C/
b7D
[redacted] left her husband because of his promiscuity with other women and because of his homo-sexual tendencies. [redacted] stated that she could not believe such accusations and believed that [redacted] was so influenced by YOCKEY that she would go to any length to obtain a divorce and continue living with the subject. b7C

b7C/
b7D
During their stay in Atlantic City, YOCKEY exhibited engraved pins on the boardwalk in that city. [redacted] stated that YOCKEY was in possession of common pins with "beautiful engravings on them" which he exhibited at various fairs around the country. Her niece is so taken in by this project that she is convinced that they will be able to earn a livelihood from the income derived from this show.

b7C/
b7D
According to [redacted] parents, [redacted] live [redacted] and from her correspondence with them, she believes that they no longer intend having anything to do with their daughter. [redacted] stated that [redacted] had had the finest bringing up and had been educated. b7C

NY 105-3562

b7C,
b7D

At this point, [REDACTED] inquired as to whether or not YOCKEY was, in fact, wanted by the Bureau. It was definitely pointed out to her at this time that YOCKEY was not a fugitive nor was he wanted in any manner by the Federal Bureau of Investigation. She then inquired if it were at all possible to determine whether or not YOCKEY was wanted by any government agency for drug addiction. It was explained to her at this time that the Bureau could not determine whether or not YOCKEY was addicted to drugs and any information which she might receive on that line would have to come from another source.

b7C,
b7D

[REDACTED] believed that YOCKEY, as of that date, was residing in New York City at the Sloane House, 34 Street, New York City. Her reason for this was that her niece had recently returned from Atlantic City and received numerous phone calls throughout the day and it was quite apparent to [REDACTED] that after each of these calls her niece visited in New York undoubtedly for the purpose of contacting YOCKEY. She also advised that on one occasion the niece mentioned that YOCKEY had received a mysterious phone call while at the Sloane House and he had informed [REDACTED] that it was the FBI and, as a result, he would have to leave town. According to the niece, YOCKEY returned to his home in Illinois. Immediately after this happening, [REDACTED] wrote a long letter to her parents [REDACTED] explaining her whole association with the subject and her reasons for breaking with her husband. As a result of this letter she advised [REDACTED] that she was returning to her home by bus and she did, in fact, leave [REDACTED] home. But, according to [REDACTED] she would not rely too heavily upon her niece's veracity and she was most doubtful of her niece's return to [REDACTED]. However, she has not heard from her since that time. b7C

b7C,
b7D

[REDACTED] stated that she has been in close touch with [REDACTED] and he has advised her that his wife is taking divorce action against him and that it is his belief that the accusations made by her will be quite scandalous with a view toward ruining his reputation in the Baltimore area. [REDACTED] told [REDACTED] that when YOCKEY and his wife left his home they left behind numerous periodicals

NY 105-3562

and documents of a nature which he would not disclose to her. While he felt that it would be of some use to the government, he would not at this time be willing to relinquish it, in view of his pending divorce action.

b7C
b7D According to [REDACTED] she contemplated taking a trip to Baltimore in an effort to convince [REDACTED] that he should turn these documents over to the government and she advised that she would contact the New York Office when she received definite information one way or another of his decision.

b7C
b7D [REDACTED] further recalled that on one occasion her niece had mentioned to her that YOCKEY was waiting recall to service with the Red Cross as a field director for an overseas assignment, and that her niece contemplated leaving for Europe with him. However, [REDACTED] reiterated that she found it hard to believe anything that her niece told her.

b7C
b7D [REDACTED] could offer no further information relative to YOCKEY, his whereabouts, or the whereabouts of her niece.

Subsequent inquiries made at the Sloane House revealed that YOCKEY, under the name FRANCIS PARKER had checked out of the Sloane House on June 28, 1952.

b7C For the information of the Chicago Office by letter dated June 23, 1952 Seattle furnished the following information relative to [REDACTED] parents:

b7C
b7D On June 15, 1952 [REDACTED] telephonically contacted the Seattle Office and stated that he believed his daughter, [REDACTED] had run away with a subversive agent and that he wanted an agent from that office to contact him to examine the correspondence which he had received, which seemed to indicate the subversive nature of her companion. b7C

NY 105-3562

b7C/
b7D
[redacted] stated that his daughter, who was married to [redacted] had run away with the subject and that he believed the subject might possibly be wanted by the FBI in relation to our security program. He stated that since his daughter had run away, which occurred some time in the month of April, she had gotten in contact with [redacted]

At this time she informed [redacted] that the man she had run away with had given her a new concept of his political views, on living, etc., and that although the exact nature of his political views must be kept completely confidential, she was only able to say that they were entirely new to most people's way of thinking. When questioned as to just what these political views were, she had indicated that they were definitely not Communistic, but instead just the "opposite". No further information along this line was obtained by [redacted]. She did indicate, however, that the subject was attempting to get a passport to travel in Europe and was having some difficulties, due to these political beliefs. She also spoke of some papers which her husband had found and which were being used by her husband to hold over her, the entire insinuation being that these papers were subversive in nature and implicated both [redacted] and the subject.

b7C/
b7D
[redacted] indicated that the subject had first been introduced to his daughter approximately three and one half years ago while [redacted]

Since that time, he had visited them for approximately three or four months while they were living in Maryland.

[redacted] may be contacted at his home, [redacted] or at his place of employment, [redacted]

Rebulet 9/10/52.

There are enclosed for the Bureau and auxiliary offices corrected pages of the report of SA Lawrence Bracken, 8/18/52 at NY, per instructions in reference bulet.

For the information of the Bureau and auxiliary offices the following is to be noted.

At 1:15 P.M. June 30, 1952 SA Lawrence H. Bracken was telephonically contacted by K. BALIKOFF, Special Agent, Security Division, State Department, telephone Pennsylvania 6-7700, extension 669. BALIKOFF explained that he was assigned instant case for the State Department and that he understood YOCKEY was wanted by the FBI for apprehension for violation of the Mann Act.

It was specifically pointed out to Mr. BALIKOFF that the Bureau in no way was interested in making an arrest in this matter and that to their knowledge no violation of the Mann Act had been committed. BALIKOFF explained that he had been informed by his superiors that a complaint had been received by this office by an individual claiming that her daughter had been living with this man in various parts of the United States. It was explained again to BALIKOFF that this complaint was given by a woman whose niece was living with YOCKEY and that she was in no way opposed to this relationship with the exception that if he was wanted by the FBI she did not want this friendship to continue.

BALIKOFF stated that he had determined that YOCKEY under the name of FRANCIS PARKER, had been staying at the Sloane House, YMCA, New York City and that on June 26, 1952 he went to this individual's room and established that PARKER was, in fact, subject YOCKEY in this case. BALIKOFF stated he was going to await YOCKEY's return, but upon instructions from his superior he left a note for YOCKEY telling him to call the State Department, New York City. This YOCKEY did on June 28, and advised that he was positive it was a case of mistaken identity and that he, in fact, never held a United States passport. BALIKOFF requested that he appear at the State Department office on that date, and YOCKEY stated that he would if he could be accompanied by his lawyer. To this BALIKOFF agreed, but he stated that YOCKEY never appeared and several hours thereafter he checked at the Sloane House and found out that YOCKEY had checked out without leaving a forwarding address.

At approximately 3:00 PM, on June 30, 1952 BALIKOFF again contacted the New York Office and stated that he would like to have the name of the hotel in Atlantic City where YOCKEY had resided with [REDACTED] It is to be noted b7C that BALIKOFF did not know the name of this girl, nor was it furnished to him. However, the name of the hotel, Lyric Hotel, Atlantic City, New Jersey was given to him.

At this time it was again explained to BALIKOFF that the Bureau was not interested in making an arrest in this matter, and BALIKOFF noted that he was now perfectly aware of that and the only interest the State Department had was in locating YOCKEY and taking up his passport.

SECURITY MATTER - X

Reurlet 9-30-52, enclosing corrected pages for report of SA Lawrence Bracken, 8-18-52, at New York. Corrected page three does not clarify the contradictions on page two as explained in Bulet dated 9-10-52.

On page two, paragraph one, it states that [redacted] advised Yockey had a sister by the name of Vanetta Coyne residing in Chicago, Illinois. In paragraph four, it states that [redacted] advised "that her niece, [redacted] first met Yockey in St. Louis, Missouri, where [redacted] She met Yockey through [redacted] According to [redacted] Vanetta Coyne's husband is now on active duty with the Navy and she is residing outside of St. Louis in Roxanna, Illinois. According to [redacted] Yockey had been engaged to Vanetta's sister, but broke it off..."

It is obvious that subject Yockey could not have been engaged to Vanetta's sister if Vanetta is his, Yockey's sister. It would appear that [redacted] should know whether Vanetta Coyne is Yockey's sister or the sister of [redacted]

Immediately submit copies of corrected page two clarifying or explaining the contradiction to the Bureau and the interested offices.

Your attention is directed to SAC Letters 108 and 110, Series 1951, re security classification of reports. The classification of refrep has been changed from "Secret" to "Confidential" in view of its contents, which do not seem to justify a secret classification. For your future information, the fact that a referenced report is classified "Secret" because it contained data from another Government agency so classified, does not necessarily call for the continuation of a secret classification. The contents and sources of a particular report should govern the classification given it.

Northwestern University was misspelled North Western University in the last paragraph of page 5 and on page 8 the referenced report of SA Harold Rubenstein, dated August 6, 1952, should be shown at Detroit and not at Toledo.

You and the offices receiving a copy of this communication should make appropriate corrections on your copies of the report.

photographed. It is noted that some of this literature
is very similar to that described in the report of
SA John P. Granfield dated 10-14-52 at Springfield, Illinois,
in this case as having been sent to subject Yockey at
Roxanna, Illinois, by a Mr. Anthony Cannon, Manchester,
England.

In the last paragraph, page 3, it is indicated
that [REDACTED] said that she had not seen Yockey since
May, 1952, whereas the investigation reflects that she was
with Yockey in Atlantic City and New York subsequent to
May, 1952.

[REDACTED] also indicated Boschi's pinhead
paintings were exhibited only at Macy's Department Store,
New York City, whereas investigation reflected they were
on display in Atlantic City for about one month in May
and June, 1952.

b7D It is noted that [redacted] aunt, has pointed out that [redacted] is a confirmed liar. It is also noted that [redacted] relations with subject Yockey are an issue in divorce action.

b7C
b7D In view of the above information reflecting on [redacted] credibility, it is not believed necessary to investigate her allegation that [redacted]

[redacted] was in a ring together which was selling antibiotics to the Communists.

b7C
b7D The report of SA John P. Granfield dated 10-14-52 at Springfield, on page 4, item 4, refers to a sheet of paper on which was written "Schreibt Um Copien an den Publisher, Le Blanc, Box 155, 208 East 86th Street, New York. Reference is also made to Bulet November 16, 1952, furnishing you with prints of material obtained from [redacted]

It will be noted on the paper entitled "An Die New-Deal Lakaien In Bonn," it states "Schreibt um Copieen an den Publisher: Le Blanc, Box 155, 208 East 86th Street, New York, New York," which probably refers to the same or similar papers as mentioned in the report of SA John P. Granfield mentioned above.

There is transmitted herewith a Photostat of the report of SA James F. Ryan dated 1-29-52 at New York in the case entitled "Le Blanc Publications, Internal Security - GE," which probably pertains to the Le Blanc mentioned above.

b7C
b7D NOTE: [redacted] who is being sued for divorce by her husband [redacted] ran away with subject Yockey several months ago. Yockey had been a guest in [redacted] home. Investigation reflects that [redacted] is very unreliable and is in disfavor with her parents and relatives. She has been passing many rumors about her husband which her own aunt discounts. Yockey has been in touch with Fascist leaders in several countries.

b7C,
b7D [redacted] advised this agency that she possessed seven pins all told but that she would only display three for this particular program. [redacted] stated that [redacted] was put in contact with them through [redacted] R. H. Macy and Company, New York City.

b7C,
b7D It was [redacted] recollection that [redacted] was paid for this work by check mailed to her in care of General Delivery, 90 Church Street, New York City. [redacted] stated that this was rather unusual inasmuch as most people appearing on this show were well enough established to have a permanent residence. [redacted] records contained no mention at all in her files concerning the subject. [redacted] was requested by the writer to have a search made of her accounting records in an effort to locate the canceled check which was paid [redacted]

b7C It is to be pointed out that the Post Office located at 90 Church Street is the second largest in New York City and inquiries made at the General Delivery Windows were not successful in developing any information concerning the subject or [redacted]

b7C,
b7D On November 17, 1952, [redacted] telephonically contacted the writer and advised that she had been mistaken in her original information which she had given this office inasmuch as in checking her accountant's records, she determined that [redacted] received no financial remuneration for her act and it was listed in her files as being done solely for publicity purposes.

R. H. Macy and Company, New York City, was contacted by the writer on October 16, 1952, at which time he offered the following information:

b7C/
b7D He stated that [REDACTED] approached him in August of 1952 for the purpose of determining whether or not Macy's would be interested in making a display of the afore-mentioned pins. She told [REDACTED] that she had been born in Seattle and had recently come from Canada. She told [REDACTED] that she had displayed these pins all over Europe, South America, and parts of the United States and quoted various publications such as "Life" in the domestic field and dozens of others throughout Europe and South America as having carried articles relative to this display.

[REDACTED] advised her that while Macy's at that time could not use such a display, that [REDACTED] might and he, in fact, did put her in contact with them. [REDACTED] stated that he had no information concerning [REDACTED] New York address, but he did recall that she stated that she was contemplating going to Chicago where she would in all probability contact one RICARDO, owner of Ricardo's Restaurant located near the Tribune Tower in Chicago. [REDACTED] explained that Ricardo's is a restaurant catering to the artist set and he felt quite positive that [REDACTED] with a display such as she possessed would in all probability contact Ricardo's at some time or another.

b7C/
b7D [REDACTED] were interviewed in the New York Office by the writer, at which time they gave the following information:

b7C/
b7D In a previous interview, [REDACTED] had stated that YOCKEY had a sister by the name of VANETTA COYNE residing in Chicago, Illinois. Subsequently, she stated that her niece, [REDACTED] met YOCKEY through [REDACTED] and that YOCKEY had at one time been engaged to VANETTA'S sister. [REDACTED] b7C

b7C,

was asked to clarify this apparent discrepancy in describing the relationship of VANETTA COYNE to subject YOCKEY. She referred to a mass of disorganized notes which she carried and then explained that VANETTA COYNE is YOCKEY'S sister and that another sister of YOCKEY had at one time been engaged to [REDACTED] prior to his marriage to [REDACTED] b7C

whether or not they had heard from [REDACTED] or the subject and they stated that they had no knowledge of their present whereabouts. At this point [REDACTED] did recall that on one occasion [REDACTED] had told her that YOCKEY had contemplated returning to Detroit where he would resume the practice of law. However, she added that her niece had told so many false stories that she would not place too much reliability on the fact that they did go to Detroit. b7C

The only other information they could furnish on this occasion was the fact that [REDACTED] at a college [REDACTED] b7C

b7C,
b7D

[REDACTED] also recalled [REDACTED] stating at one time that YOCKEY had made a considerable sum of money on the black market when he was in Europe, but he lost it when he invested the money in the citrus business. She also remembered [REDACTED] stating that he came back to the United States through Montreal, Canada.

WOLFGANG-AMERBACHER!

Wann Endlich Ballst

?

REO 10/24/52
JUR

PART II

Deutsch Amerikaner!

PART II

Wann Endlich Ballst Du Die Faust?

Weltgeschichte ist die Geschichte der grossen Kulturen und so erkennen wir, zurückblickend, stets eine Gruppe grosser Völker von ein und demselben Kulturstil, die Geschichte machten und deren Dasein Weltgeschichte war. Diese grossen Völker nennen wir Nationen. Da das Erwachen einer Nation zum Bewusstsein ihrer selbst in Stufen erfolgt, ist es unmöglich, dass das ganze Volk gleichmässig eine Nation ist. Deshalb wurde jede Nation vor der Geschichte stets nur durch eine Minderheit repräsentiert.

Diese Nationen derselben Kulturgruppe waren untereinander höchst verschieden. SOBALD ABER EIN KULTURFREMDES VOLK IN DEN GESICHTSKREIS DIESER GRUPPE TRAT ODER SIE GANZ BEDROHTE, ERWACHTE ALLENTHALB EIN UEBERMAECHTIGES GEFUEHL DER SEEELISCHEN VERWANDTSCHAFT.

So war es stets in der Geschichte. Wie anders nicht es aber heute ausserhalb der Kulturgruppe unserer "grossen" weisen Völker. Wie ist heute bei uns die Minderheit, die Elite, die die grosse geschichtliche Frage begriff, ob jetzt der Sturz aller weisen Völker durch die "Barbaren" gelingt oder nicht?

Jetzt, wo wir unseren mächtigsten Verbündeten seit 1776—DISTANZ—verloren haben und nun alles darauf ankommt, die spirituellen und materiellen Kräfte, die noch in unserer weisen Welt vorhanden sind, zu mobilisieren—wo bleiben da unsere Führer, die unseren Morgenthau-boys in den Arm fallen; derselben internationalen Clique, die uns zweimal in einen selbstmörderischen Bruderkrieg hineingeworfen und der wir erlaubten, unsere Brüder durch das Aufsteigen von nationalem Hass und Rachsucht von uns wegzutreiben?

Wo ist unsere Elite, wo unsere Charles Martels, die unseren weissen Brudervölkern, und vor allem dem Deutschen Volk in unserem Grenzland, unzweideutig zu verstehen geben, dass sie "zu uns" gehören, die ihnen sagen (und danach handeln!), dass wir, wenn wir alle im gefühlten Einklang eines Schicksals, im gleichen Schritt und Gang im historischen Sein, als Brüder marschieren, wir diesen Endkampf um alles oder nichts überleben können?

Wenn unsere Führer, unsere Elite, jetzt versagen und nicht mehr fähig sind, in unserer gesamten weisen Welt ein übermächtiges Gefühl der seelischen Verwandtschaft unter uns allen zu erregen, ist es um uns alle geschehen.

Denn sind wir keine Nation mehr, sondern nur noch ein Menschenhaufen, der Spielball jener dunklen Weltbürger und Einwelt-Apostel, die Realität besser verstanden haben als wir. Dann sind wir nur noch Objekte derer, die stets und immer "Wahrheit und Gerechtigkeit" ihrer Macht und ihrer "Rasse" gepredigt und ihre Gastvölker zum Tode verurteilt haben; jene Völker, die jetzt aufgehört haben, auf der Weltbühne eine Rolle zu spielen, weil ihnen "Wahrheit" wichtiger war als Taten, und "Gerechtigkeit" wichtiger als Macht! Gehören wir jetzt auch zu diesen Jammerlappen? Bringen wir nicht mehr die Kraft auf, diese vorherrschenden Schmarotzer von uns abzuschnitten, diese Macht, die

auf dem Berg unseres politischen Elends und Unglücks mit Hilfe aller farbigen Rassen der Welt sich fest eingeschanzt hat? Können wir nicht länger mehr Widerstand leisten, obwohl die letzten 30 Jahre uns wiederum bestätigt haben, dass Logik das Schicksal nie von menschlichen Weenchen Kenntnis nimmt! Wenn wir heute auf das wichtigste Land in unserer weisen Welt, auf unser Grenzland Deutschland blicken und beobachten, wie unsere Morgenthau-boys noch wie vor dabei sind, die Ueberbleibsel des weissen Damms wegzuschaffen; wenn wir hören, wie diese internationalen Clques die Proteste unserer deutschen Brüder bei jenseitigen Leichen mit

"UND WENN MAN NUN EUEREN UNTERGANG WILL"

beantwortet, dass es unmöglich, dass wir jetzt in der Irre gehen und uns ein falsches Bild machen von dem Ende der Oberen, dass "Staat innerhalb unseres Staates"!

WOHIN FUEHRT DAS ALLES?

Wohin das alles führen muss, ist klar. Die fortgesetzte rechtliche und wirtschaftliche Diskriminierung Deutschlands muss dort, wo das grösste Gefahrenfeld der weisen Welt liegt, einen Zustand völliger Bindungslosigkeit schaffen. Statt dieses existierenden Volkes mit dem Geist echter Abwehrbereitschaft zu erfüllen, führt die fortwährende rechtliche Willkür und wirtschaftliche Unterdrückung zwingend zum Chaos.

Es bedarf keiner besonderen Sehorgabe, das Ergebnis einer solchen Politik vorauszusagen.

Wenn nicht endlich der Grundgedanke der Umkehrheit des Rechts auch auf das deutsche Volk Anwendung findet, d. h. wenn nicht endlich der Zustand aufhört, dass für das deutsche Volk die Rechte existieren, was in der ganzen Welt als Unrecht gilt, und wenn nicht endlich das deutsche Volk die ständige weisse Feindschaft, einen ständigen primitiven Lebenskampf gegen sich selbst, dann gibt es für das deutsche Volk keine Zukunft mehr. Dann wird die alte Verteidigungsberbereitschaft einer dumpfen Leihgier und Resignation, und unter den Trümmern des einstündigen Schutzwalls werden auch die noch vorhandenen scheinbar sicheren Bastionen der übrigen weisen Welt begraben.

"Und wenn man das will"

Man will es! Und wer es will, ist auch kein Geheimnis. Wer die geschlossene Abwehr des weissen Mannes immer dieser Gefahr liess werden.

Und jetzt, Amerikaner deutscher Elends und deutscher Geistes, halt die Faust und ruft Eueren Mitbürgern zu:

BIS HIERHER UND NICHT WEITER, SONST IST ES UM UNS ALLE GESCHENEN!

Der auf Manhattan's Landessengen
Die Dreieck-Zeichen froh vereint,
Schick' sich McCoy zum Heimflug ein.

Schon winkt zu Gesslers hell Entzücken
Der Bismarck's Blicken.
Und als er in die Halle tritt
Sitzt Konrad da, der schmeisselnd nicht.

"Sieh da, sieh da, der Conradus,
Mein pontifex Germanicus!
Seid mir gegrüßt, mein lieber Bruder,
Zum guten Zeichen sehm ich euch,
Mein Loos, da ist dem eueren gleich:
Entwinkelt MICHEL aus dem Leder,
Als Erster kriegt er eins aufs Dach;
Vorfahrt wach aber dann das Leder,
Vergebens wach ich ab die Schmach.
Dann muss ich hier verlassen sterben,
Auf fremdem Boden, unbewacht,
Durch deines Bruders Hand verderben,
Denn hier", was mir als Rettung scheint."

Und Hand in Hand, gleich einer Sippe,
Mit langsam abgemessnem Schritte
Umwandeln sie der Halle Rund.
Da plötzlich öffnet Mac den Mund:

"Konrad", sprach John J. McCoy
"Nimm' dich weg, nun sei
Ja hilfslos ordentlich und fromm,
Bis ich wieder rüber komm!"

Vor dem Aufbruch, Konrad, bete
Um des Michaels schwarze Seele.
Zieh ihn dann bei beiden Ohren
Zu der Messe, so von oben
Möge das Paradies ihn dringen,
Das ihn brechen lässt mit Dingen,
Die - erst siebenhundert Jahren -
Lassens ihn zur Hölle fahren

Stell dir dann vom Bismarck'schaffee
Kure Scheide ohne Butter,
Sag ihm, selbst dem Zukünftler
S'heißt: heische zwisches Futter!

"Dann beginn mit den Traktaten.
Nie erwähl dabei die Taten
Grosser deutscher Schlachtenlenker,
Nie die Bismarcks, stets die Henker
Aller derer, die je groos!
Und dann, Konrad, leg' los:

Preise mit viel schönen Reden
Unser Paradies, das Jedem
In den U.S. offen steht.

Wo kein Spitzbub, Dieb und Gauner,
Allenfalls nur ein ganz fauler
Idiot, hinters Gitter geht.

Wo der "hookie" ein Symbol
Und der "gangster" ein Idol.
Wo der Diplomat sich schminkt
Und des Richters Frau trägt Mink.
Wo der "crook" hassiert die Steuer
Und die Staatschuld ungeheuer.
Wo der Amtmann streikt und kündigt
Und, wenn unbestechlich, sündigt.

Wo der Staat ist eine Kuch,
Die, wenn "smart" bist, meikst auch du!

Wo man singt in frecher Stumpfheit:
"Chaos", "graft" muss eben sein
In Gotts eigenm Land der Freiheit,
Willst du etwa preussisch sein?"

Wo kein Einstein kennt den Planck,
Und kein Gershwins den Beethoven,
Fort lockst du kein' Hund vom Ofen
Mit 'nem Goethe oder Kant!

Wo kein Deutscher isst sich satt,
Bis er was zum Schicken hat.
Dann sauft er und frisst sich dick
Und hält's Maul bei Politik!

Wo man baut jetzt eine Tafel:
Zum Gedächtnis von Millionen
(Sehe her auf, 's muss sich schon schenken!)
Doch, man hauf dir auf den Ast,
Kommst du mit dem Resalat:
Dass - na! je nach dem Appetit,
Schmerzhafter, Besserer
SECHS NULL ist die Tafel...

Wo man den Spion, der klist,
Nur als 'roten Hering' zeichnet,
Auf den Warner aber einhaut
Bis kein Hund ihn mehr ans... chwidzelt.

"Wo nach dem Moral-Concept
(Wenn du 'rot' bist und drinkst Wodka)
Du magst stehlen jed' Rezept,
So du bringst es nach der Moschwa!

Wo man nie verliert 'nen Krieg,
(Hat man je einen geführt?)
Doch die Polizei-Aktionen
Scheinen sich nicht recht zu lohnen!

Wo nur der ist Kommunist,
Der das Emblème trägt im Knopfloch;
Bist du aber bloss Marxist,
Als Gesandter trägt den Kopf hoch!

Wo bei Kempfers in der Nacht
Man in ex-post-facto "macht",
Und bei Baruchs sich die Welt
Nach Bedarf Justis bestellt!

Wo vor'm Schiessen der Soldat
Frägt den Frankfurter um Rat,
Ob legal ist die Aktion,
Tut er's nicht, so hängt er schon!

Wo für laus'ge Concessionen
Liefert man Revolutionen
In ein noch so fernes Land,
Gibt es Oel dort unterm Sand!

Wo das gleiche Recht hat jeder
Bis auf eine Extrawurst,
Die das Reservat ist jener,
Die du nie antasten musst!

Wo nur der besteigt das Thronchen,
Der da schweimmt in Pinke-Finke,
Den 's Geassers pagt' gelinde
Und der pfeift auf Traditionen!

Wo man auftracht uns den Krampf
"Gebt den L. N. ohne Karm",
Was erntet ihr von den Valern,
M'g'alt belassen, dass sterben!"

DEUTSCH-AMERIKANER!

Das Entscheidungsjahr 1951 ist angebrochen; der Kampf um den Planeten hat begonnen.

Innerhalb der letzten 35 Jahre ist von unsern "Staatsmännern" eine entscheidende Reihe von Taten begonnen worden, fuer die wir heute und morgen verhängnisvolle Folgen zu tragen haben. Nichts, was einmal geschehen ist, lässt sich zurücknehmen.

Aber, haben etwa unsere "Führer" die ganze Grösse der furchtbaren Gefahr erfasst, die jetzt über unserer "weissen" Völkermasse liegt und sie zu erdrücken droht? Oder werden sie getrieben, ohne dass sie überhaupt wissen was geschehen ist?

Welche von diesen Therapeuten, deren Wahlspruch: "Trete mich, aber lass mich leben" zu sein scheint, fühlt die furchtbare Erniedrigung oder hört das Gelächter, wenn jetzt da, wo wir gestern befahlen, wir kniefällige Bitten und schmeicheln müssen, um überhaupt verhandeln zu dürfen?

Begreifend diese kläglichen Pfluscher, in welchem Maasse es unseren marxistischen Weltbürgern gelungen ist, alle politische Macht innerhalb unserer "weissen" Welt zu zernagen und zu zerfressen? Sehen sie etwa den Schutthaufen unserer ehemaligen Regierungskunst und staatsmänniger Weisheit, auf dem sich jetzt eine Horde von geschäftstüchtigen Maklern und Mittelmännern um die Beute balgen?

Sehen diese Utopisten den politischen und wirtschaftlichen Chaos, den sie überall mit ihren famosen 10, 12 und 14-Punkt-Theorien aufrichteten? Verstehen sie nicht, dass sie alle "weissen" Nationen damit zum ~~OBJEKT einer fremden Politik gemacht haben~~ vielleicht ~~das~~ immer? Begreif auch wir etwas von dem, dass nicht Deutschland sondern der "weisse" Mann die beiden Kriege verloren hat?

Rührt einer von diesen Dilettanten den Finger jetzt, da unsere Morgenthau-boys sich anschicken, aus dem politischen Vakuum zwischen Elbe und Rhein ein ABSOLUTES zu machen oder wenn dieselbe Clique im stillen Kämmerlein den Exil-Polen die Permanenz der Oder-Neisse-Linie ausichert? Wer von diesen master-minds kümmert sich um die Erhaltung von Millionen deutscher Heimatsvertriebenen; um Millionen der wertvollsten Menschen, die die "weisse" Welt in dieser Stunde der Entscheidung mystern kann? Geht etwa unseren "Sanierungs-spezialisten" im State Department das Hottentotten-Problem vor? Oder, kann es sein, dass man in Washington darauf wartet, bis die vom Schicksal erbarmungslos Mitgenommenen sich aus Verzweiflung dazu hergeben, statt ewigem Kohldampf, jetzt als Rekruten für die Alliierten Wache zu "schieben"?

Wenn wir aber jetzt immer noch nicht unser Verhältnis zu Deutschland als das wichtigste Problem für uns alle sehen, dann geht das Schicksal - und was für ein Schicksal - erbarmungslos über uns alle hinweg!

Und so, Deutschamerikaner, lässt Euch nichts vormachen!

Dieselbe internationale Macht, dieselben Meister im Kampf mit abstrakten Mitteln, die zweimal unser Volk in einen selbstmörderischen Bruderkrieg hineinbugsierten; dieselben Weltbürger, die den deutschen Geist mehr fürchten als tausend "russische" Divisionen, sind jetzt dabei, unserer "weissen" Welt vollende den Garaus zu machen.

Aber wie fein wird alles gesponnen! In Nürnberg stempelten wir das ganze deutsche Volk zum Paria unter den Nationen dadurch, dass wir den selbster allgemein anerkannten Grundsatz "Landesrecht geht vor Völkerrecht" einfach für überwunden erklärten! Natürlich wussten die auserwählten ex-post-facto Drahtziener genau, dass sie damit auch uns selbst letzten Endes zum Objekt einer supernationalen (U.N.) Autorität machen würden. Aber wussten dies vielleicht unsere eigenen Gegenspieler der Jurisprudenz? Diese tiefen Denker, die nichts davon wissen wollten, dass jeder moderne Krieg seinen eigenen Gesetzen folgt und sich keine "rechtlichen" Beschränkungen auferlegen lässt? Die selben, die es nicht gelten lassen wollten, dass ein erbarmungsloser Feind die Anwendung von erbarmungsloser Abwehr seinem Gegner aufzwingt! Und so verurteilten sie laufende von deutschen Offizieren und Mannschaften zum Tode am Galgen oder zu Zuchthaus strafen. Greifen aber unsere eigenen Soldaten heute in Korea nicht zu denselben erbarmungslosen Abwehrmitteln, weil der Chinese sie dazu zwingt? Verdienen sie deshalb den Tod am Galgen? ... Als wir in Nürnberg erklärten, dass supernationale Bindungen den Vorrang vor allen anderen Bindungen des einzelnen Menschen gegenüber seinem Staate besäßen, mussten da unsere Salomone nicht etwa voraussehen, dass sie damit einem jeden unserer Soldaten eine Schlinge um den Hals legen würden, falls es wieder zum Kriege kommen sollte? Hat nicht etwa Malik uns am 7. September 1950 der Führung eines grausamen Luftkrieges gegen die Zivilbevölkerung beschuldigt? Hören wir nicht am Radio die Anklagen der chinesischen Regierung, dass wir Zivilisten hinter der Front abmurksen und ganze Dörfer niederbrennen? Was geschieht aber mit unseren vom Feinde gefangenen Soldaten, wenn etwa ein chinesisches oder russisches Militärgericht sich bei der Aburteilung auf das von uns selbst proklamierte neue "Weltrecht" stützen sollte?

Jetzt sehen wir auf einmal zu unserem Entsetzen, dass ueber Nacht unsere eigenen Mannschaften zu OBJEKTEN dieser neuen von uns selbst aufgestellten Rechteinrichtung geworden sind.

Und hier nun fragen unsere Brüder: in der Heimat: Wenn das rechtliche Wirklichkeit wäre, was wir in Nürnberg angeblich schon seit langem als gültiges Völkerrecht proklamierten, hätte dann der Krieg in Korea dieselben praktischen Folgen haben dürfen, wie die es da draussen täglich den Berichten von der Front entnehmen? Sie fragen uns, ob etwa die deutschen Offiziere und Soldaten nicht in denselben straffen Befehlsapparat

Wichtigste und gewichtigste Forderungsbildung haben sich über diese geschlossene Stellungnahme gegenüber dem Anti-Amerikanismus und der Verurteilung der Ermordung für die Opfer des Nationalismus geäußert, die vom österreichischen Parlament gebilligt worden waren. Wenn diese Haltung sich in den Entscheidungen des Alliierten Rates widerspiegelt, wie dies im wesentlichen schon der Fall ist, dann können diese Gesetze in einer feierlichen Form in Kraft treten dürfen. Die Versuche der Österreichischen Volkspartei und der Sozialistischen Partei, auf Kosten der Opfer des Nationalen Widerstandes, werden damit umsonst gemacht werden.

Kohl neuer Vorfall verurteilt die amerikanisch-österreichischen Beziehungen so wie die Intervention von Walter J. Donnelly, das frühere hiesige US-Oberkonsul, vergangenes Mal im Alliierten Rat gegen einen der Gesetzentwürfe, der die Amnestierung von Spätkriegsverbrechern vorschlägt, die frühere Nazis waren. Das Gesetz wurde bereits vom österreichischen Parlament angenommen.

Der amerikanische Oberkommissar in Berlin

Bei einem Abschiedsbesuch in Berlin hatte der amerikanische Oberkommissar einen seiner schillernden politischen Reden gehalten und rief in dem Glauben, den deutschen Volksgenossen eine Freude zu bereiten: „Unter den Millionen von Berlinern, die ich getroffen habe, war ich glücklich, heute hier zu sein auf der ganzen Welt befreundet.“ — Einer soll darauf geantwortet haben: „Ja, aber wenn das Millionenmal bei Berlin ein Missverständnis über Kultur, unser Volk und die ganze Industrie, heute ist es ein Trübsal.“

Diese Antwort spiegelt, wenn sie wirklich gegeben worden ist, die Einstellung der Deutschen vollkommen wider, klar verständlich für jeden Deutschen, der eben so geistig wie für die Amerikaner, die nicht verstehen, wie sich ein Deutscher durch Verachtung, Erniedrigung und Knechtung beeindrucken lassen kann, wo er doch die Segnungen der Demokratie vor Augen hat. Und die nicht verstehen können, sprechen sie von Überlebensrecht der Nationen.

Ruf nach dem Polizeistaat

Einen Artikel der israelischen Zeitung „Yediot Hayom“, den die in Meran erscheinende Wochenzeitschrift „Der Standpunkt“ in deutscher Übersetzung veröffentlichte, entnehmen wir zusammenfassend folgendes:

Wir zahlen heute einen hohen Preis für Anarchie, für die Milderung und das „jüdische Herr“, an das wir noch aus der Gasse gewöhnt sind. Wir bezahlen ihn in Form von Inflation, Demoralisierung und Schädigung der Staatsleistungen. Dieser Preis, der heute denen zufällt, die gewissenhaft sind und Staat und Gemeinschaft versorgen, würde später dem Staat schaden, und er würde sich in Ordnung, Disziplin, mehr Einkommensteuern und überhaupt erhöhten Einnahmen ausdrücken. Sind das nicht Ziele, die jeden bewussten Bürger sind das Ziel, die Grundlage zur Idee des Fortschritts in Widerspruch stehen?

Es gibt noch mehr Staaten auf dieser Welt, die freiheitlich, demokratisch und fortschrittlich sind, und diese haben keinen Horror vor Polizeistat. Dort gibt es nicht wenige, sondern viele (deshalb leicht zu korrigierende) und willkürliche Polizeistat. Im Gegenteil: Dort wird darauf geachtet, die besten Kräfte für die Polizei zu gewinnen, sie mit allen Mitteln auszubilden und zu vervollkommen, weil diese Staaten die Polizei als wirksamen Helfer der Administration und als Stütze der Gemeinschaft gegen soziale Elemente ansehen. Die Polizeistat haben in diesen Staaten Wunder gezeugt. Sie greifen überall ein, als kam-

men von solchen, beständigen Bürger zu Hilfe, und sie geben nicht nur guten Verstand, sondern sie erfüllen auch wichtige Verwaltungsaufgaben.

Dieses Beispiel müssen wir folgen, und wir sollten es ein mal mit dem „Polizisten“ versuchen. Wir sollten die unheimliche Macht und Machtstellung, wie sollten sie nicht die gesamte Welt, sondern die gesamte Welt sehen, und sicher würde sich dann tiefgehende Reform be-
trachten.

Die sozialen Elemente, die immer in Zeiten von Massenbewegungen und Revolutionen auftreten, würden in der nächsten großen Krise, und Gerechtigkeit würde sich nicht nur auf ihre 66 Abgeordneten im Parlament erstrecken, und zwar die 66 Abgeordneten, sondern auch die gesamte Nation im Staat — und in Israel würde der Widerstand zwischen großem Willen und administrativer Unfähigkeit, der heute besteht, überwunden werden.

So eher wir ein Polizeistat werden, desto eher werden wir innerlich gesunden.

Kampfbildung in Europa

Die von den deutschen und österreichischen kommunistischen Organisations der illegalen Kampfbildung nicht ohne zu finanziell geringfügigen Zwecken betrieben wird, sondern daß die Gifte des politischen Kampfes, der Demoralisierung benutzt werden, hat die Kampfbildung der Vereinten Nationen bei ihrer letzten Sitzung im Mai dieses Jahres aufgrund des vorliegenden Materials ebenfalls festgestellt.

Alle Anzeichen sprechen dafür, daß die internationalen Kampfbildung-Generalrathe eben dabei sind, einen Angriff auf die bisher gegen diese Sache vollständig Immune Europa zu starten. Man sollte den politischen Kampf, der uns drängen geführt wird, keinesfalls unterschätzen. Es ist vielleicht viel nachhaltiger und schrecklicher als jene, der wir mit modernen Waffen an den Kriegsfeldern ausgesetzt sind. Millionen von Menschen unterliegen heute mehr dem Terror der Verachtung, sich durch ihre Tugend in eine Welt der Irrationalen zu begeben, und Millionen von Menschen sind bereit, sich selbst zu verkaufen, wenn man ihnen nur auch wie vor das weiße Gift zubilligt.

(„Der Standpunkt“, Meran, vom 22. Aug. 1952)

Zeitungssterben in Österreich

Im ersten Viertel des Jahres 1952 haben 82 (11 kleine Tageszeitungen und Zeitschriften) im Kampf mit den hohen Papierpreisen ihr Erscheinen eingestellt.

Der Generaldirektor der Österreichischen Post teilte bereits mit, daß weitere 18 Zeitungen und Zeitschriften ab 1. Juli nicht mehr erscheinen würden.

Dabei soll zu beachten, schreibt „Jydish Tidende“ (Jüdische Nachrichten) vom 22. Juni, daß während dieser wenigen Tagezeitungen, die bisher selbständig waren, noch mehr Lokalausgaben anderer Zeitungen geworden sind.

Es sind nicht nur die kleinen Papierpreise, die Völlig im Widerspruch der Folgen propagandistischer Beeinflussung steht, sondern ob diese wirtschaftlich oder politisch her-
kommt ist.

Die Schlagkraft dieser Propaganda wird aber durch die Zusammenlegungen noch weiter verstärkt. Um so mehr ist es zu verstehen und zu begreifen, wenn die Österreichischen Zeitschriften seitens der politischen Parteien unabhängig sind und die — wie z. B. „Revolution“ und „Orbis“ — deshalb auch trotz der hohen Papierpreise gedruckt und wirtschaftlich frei dastehen.

Als Dein BRUDER trot ich an

AN DIE NEW-DEAL-LAKAIEN IN BONN

Wenn aus dem Bundestag dieselbe
Tirade ewig sich ergiesst,
Bei tausendstimmigem Gebelle
Ihr deftig nach dem Stimmzettel
Flieht jede Einsicht aus den Hirnen
Bei Euch weltfremden, müden Herrn:
Dass all der Krach bei Euch da drinnen,
Bringt seelige Ruh dem 'David Stern'!

..... Im andern Fall, BRUDER,!

AN DAS DEUTSCHE VOLK

... Und kommen ich hinüber in diesem Jahr
Mit Kisten und Kasten und Kaviar,
Dann vorgesetzt das Gestein und preiset den Tag,
Da bei Trommelgewirbel und bei Paukenschlag
Ich schmunzelnd behänge den strahlenden Michel
Mit Pfeil und Bogen, mit Sense und Sichel.
Dann "führ ICH Euch herrlichen Zeiten entgegen".
(Am "Segen von oben" solls sicher nicht fehlen!)

Denn sträubt Euch nicht länger, gebt willig mit her
Was Euch blieb noch an Vätern und Söhnen da drüben,
Dann führt Ihr mit Kind und mit Kegel und "Heer"
Hinauf nach Walhalla zum ewigen Frieden!
Nur einmal noch opfert! Ich beschwöre Euch,
Euch weltfremde Narren in Morgenthau Reich.

the

MICHELS ANTWORT AN DEN BRUDER IN AMERIKA

Und jetzt kommst Du rüber nach kurzen sechs Jahren
Mit Tross und Trompete und tausend Trabanten;
"Vergesst das Gestein" lässt Du uns sagen,
"Mit Hurrah begrüsst meinen Gesandter-Gesandten,
"Der prompt Euch 'empfiehlt', Ihr möget fix ziehen
"Auf die Wacht am Rhein ... bis das Boot er bestiegen"!!

Bruder, Deine Stund ist gekommen,
Jetzt ist die Reih' auch an Dir,
Denn die rote Flut ist am kommen,
Einst galt sie mir, jetzt gilt sie auch Dir!

Auch Du, Bruder, fuchst jetzt die Dornen
Des Schicksals, wie sie tasten nach Dir,
(Oh wie zwangvoll doch weben die Nornen!)
Deshalb, Bruder, tritt mit ein ins Gevier!

... Doch hörst Du nicht drunten am Rheine das Flüstern.
Das Seufzen und Klagen, das Stöhnen und Lispeln
Von den Scharen der Geister Deiner Opfer und Ahnen,
Fühlet Du nichts, wenn Millionen Zerfetzte Dich mahnen?

Doch Bruder, zeug Ehre dem Bruder
Und die Achtung, die längst dem gebührt,
der Jahrhundert lang blutend das Ufer
An der Weichsel auch für Dich mit hielt!

Wenn nicht, lassen die, die vor Hunger kaum kriechen
Und die, die der Bolschewik zu sich nahm,
Und die Krüppel und Waisen, die Verfehmten und Siechen,
All die nun, die langsam verrecken vor Gram,
Du sagen.

Und so, Bruder, erfass mit Erschauern,
Um was es in Wirklichkeit geht,
Hand in Hand werden wirs überdauern,
Doch zögerst heut Du, ist morgen zu spät!

DENN DANN WIRD NICHT LAENGER DAS GESCHICK DICH
BEWAHREN
VOR DEM ROTEN GESPENST, DAS NUN UNGEHEMMT
VON UBERALL HFR DIR AN DIE KEHLE WIRD FAHREN.
WEIL KEIN "WELTFREMDE" MICHEL DAGEGEN SICH
STEMMT!

STIMME AUS DER HÖLLE

Jetzt habt ihr's erreicht,
 doch schon morgen vielleicht,
 schonort auch ih hier,
 nun reiß ich die Hand,
 Wenn nicht gleich der Kosack
 auch den Schädel einhackt,
 dann denkt an mich,
 wenn er euch hangt!

Zu Spät?

Clay nahm sie uns; jetzt bringt uns Clay
 'ne Kluft, zwar funkelnagelneu,
 doch nur ein Fetzen für die Träger.
 Jecht haben die Idee der Väter!

Habt ihr noch immer nicht begriffen,
 wie schwer ihr euch an uns vergriffen,
 wie schwer die Schuld, die ihr jetzt tragt,
 weil ihr die Freiheit uns versagt?

Wenn erst John Bull samt der Marlins
 schlägt der Kosack sich in die Pfanne,
 dann und wenn besetzt beim Marschieren,
 kommt UNS dann nicht mit Lamentieren!

Das Lied

Vom Doktor

Heusenstern

Ein Präsident, Jongleur, Artist,
 ein Kunst und viel Kunst und List,
 Aus Buchstaben Drama und feinstem Zirkus,
 Sich ein Tropfen in seinem Hirn,
 Worin er mit Gedächtnis schnelle,
 Kollisions eine Riesenvilla,
 Und, man bedenke, im eigenen Hirn,
 Sich stellt auf den Kopf am Zirkus,
 Doch, wenn er sich schaut, dann und dann,
 NICHT EIN, Tats. wal. der Nichts von,
 Und trug sich, wie denn das Acker,
 Galt, und das, und das, und das!

Doch, wenn er sich schaut in dem eigenen Hirn,
 Dass der Jongleur am feinsten Zirkus,
 Zier hat Tricks wahr, doch nicht die,
 des allen Doktor Heusenstern,
 Mit seinem Doktor an der Seite,
 Dann, wenn er sich schaut, dann und dann,
 Dann, wenn er sich schaut, dann und dann,
 Dann, wenn er sich schaut, dann und dann!

Wo verachachtet man wie Kinder
Väter, Brüder, Vetter samt
Selbst der Zukunft unser Kinder.
Bleibt der Bonze nur im Amt!

Wo kein Teufel gibt was drum,
Wirft man Deutschland vor die Wölfe.
Schlägt es morgen dann auch Zwölfe.
HEUTE tanzen wir noch rum!

"Wo du nie wirst Präsident
Bist mit Weisheit nur beschenkt;
Doch gehörst du zum 'New Deal'.
Hast 'ne Chance mit 'sex appeal'!

Wo im Kampf mit den Barbaren
Wir am eignen Leib erfahren,
Dass die Nürnberg-Theorien
Bringen UNS heut zum Kriechen!

.... Kommt er dann mit dummen Fragen
Wie zum Beispiel, wo die blieben,
Die sich selbst disziplinierten;
Denen 's höchste waren Taten,
Die einst aufgebaut die Staaten;

Wenn er fragt, wo denn die Steuben,
Lincolns, Jacksons, Franklins bleiben,
Sag ihm, dass die alten Knaben
Ganz elende Knirpse waren
Im Vergleich zu den, die heute,
An der Spitze unsrer Staaten,
Sich um jeden Brocken schlagen,
Der da abfällt von 'ner Meute
Internationaler "Leute"!

.... Für dies Paradies auf Erden
Soll jetzt Michel freudig sterben. -

In den siebenhundert Jahren,
Als er schlug sich bis zum Bersten
Für die Brüder dort im Westen,
Lausiger nie die Zeiten waren!

Denn bedenke: In der Geschichte
Schützte stets uns die Distanz.
Doch heut droht uns zu vernichten
Die asiatische Phalanx
An der Elbe und am Rhein.
Dort wird die Entscheidung sein!

Als wir jedem Kuli zeigten
Wie man nutzt unsre Waffen,
Ihm selbst Strategie beibrachten
Und wir uns vor ihm verneigten,
Weil er half beim Bruder-Morden;
Als die kunterbunten Horden
Siegestrunken heim marschierten
Und sich selbst als Meister fühlten --
Wunderts dich heut, Konrad, dass
Ich sitz auf 'nem Pulverfass?

So tief sind wir nun gefallen,
Dass die rot-schwarze gelbe Brut,
Schäumend vor Vergeltungswut,
Zeigt jetzt frech uns ihre Krallen!

AN DIE NEW-DEAL LAKAIEN IN BORN

Wenn aus dem Bundestag ein stetig
Geflenn ob Schuld und Sünden fliehet,
Bei schwachem Gesandte ihr wisst
Euch um des New-Deal's Gunst aufzuspielen;
Flieht Einseit aus den wahren Sinnen
Bei Euch weltfremden, ewigen Narren!
Denn Euer Kurs auf "New-Deal's" Hindern
Ist Seeligheit für "David Stern"!

Wo wir gestern stolz befahlen,
Wünseln wir heut auf dem Bauch,
Fliehen und schmeicheln dem Barbaren!
Nimmst jetzt 's Schicksal seinen Lauf?

Jetzt, wo sich der Russ vor Lachen
Hält den Bauch, weil er hörte Krachen
In der westlichen Allianz,
Packt Entsetzen uns vor Augen!

Von New York bis nach Atlanta
(Die im Westen zählen nicht)
Frägt man sich und flucht: "Caramba,
Lässt uns Michel jetzt im Stich?
Sollte schändlich er versagen,
Dann 'good bye' ihr U. S. Masten!

Deshalb spanne ein den 'bum'
Fest in dies curriculum:

Morgens, mittags und am Abend
Soll er sich am Essen laben,
Koch nicht reichlich, koch nicht fett,
Halt ihm frei den Wanst von Speck.
Stets bedenke: Kanonenfutter
Zücht man nicht mit Fleisch und Butter!

Unterbrich sonst nur am Tage
Für den Kirchgang die Traktate
Und fürs Exerzieren, sodass
Er 'in Form' bleibt. Wohl erfass:

Jetzt bei diesen schweren Zwisten
Wirds erst brenzlich (ich red' sachlich!)
Ob selbst blieb 'ne Chance zum stiften
Wär ohn' Michels Hilfe fraglich!

Drum kommt alles darauf an,
Dass du drillst den Vagabondo.
Machtst er sich nicht aufs Kommando:
"Dachian, geh du voran",
'Pronto' kündigt' ich dir's Komto!

Doch noch eines muss ich sagen,
Das mir oft bedrückt den Magen:

Nie erzähl ihm vom Debatte
Unserer Bomber in Korea,
Sonst vertreibst du mir den Dackel
Und schon morgen wär das End da!

(6)

Schlimmer noch: Schickst er nach Osten,
Weil dela "Gulag" ist zum Kotzen,
Bruder, dann bist alles nichtig,
Fähr wie ein geistiger Blöde
Nach der Wurst und Kaffeefische,
Schickst ins Maul ihm 'ne Revolver,
Sing mit ihm dann "Oh, Susanna"
Bei mit einem Satz den Schnaps,
Sonst ist ALLES FÜR DIE KATA!

"Denn nun, Konrad, ist die Crye
Meine Lehre, schlies wie 's Pöbel
Kümmerst in Michels Hirt,
So er stumm hat die Hirtin
Unwissend, aufmischst du
Oder gegen dich zu wettern!

Und so ist es jetzt an dir,
Durchzuführen die Maßnahmen,
Hilfst du dich an unsre Formeln,
Gefährdet sich das Rote Tier!

In ein Paradies auf Erden
Ziehst du ein mit heiltem Kien,
Wird aus Michel das ein von den,
Was ertragen wir so lange!

Nimm ihm weg all das so tolle
War für ihn in der Geschichte,
Spann in Fren des Ungeheuer,
Bei als Paria er gerichtet!

Doch uns schmachtet ihm so maches
Packt sich 's Buchel mit dem "Alten"
Drück ihm in die Hand den Degen,
Am Gewehr darfs auch nicht fehlen.
Steht er so dann in der Kluft,
Kommt von selbst sein Burrard?
Spielt du ihm dann noch ein Marschlied
Sollst mal sehen wie der absieht!

Werd ich euch so wiederfinden,
Will ich mit des Lorbeers Kranz
Dir die Schliefe stolz umwinden,
Ewig strahl' dir Ruhmesglanz!"

Also sprach John J. McCloy.
Doch zwischen Trug und Wahrheit schwebt
Noch zweifelnd Konrad, nun er bebte.
Betrachtet er die Kümmerst
Des Bruders nur als eille Sagen?
Wird huldigen er der furchtbaren Macht,
Die drüben in Marhatten wacht?
Die, all ihr Ton auf Rache gründend,
Des deutschen Schicksals Kessel flucht,
Dem blinden Michel sich als Kündend
Der glaubt, er altes Hochmal Licht?

Und Head in Hand, gleich einer Sippe,
Umwandeln sie der Halle Rund.
Doch jetzt mit gar unsichrem Schritte
Verschwinden sie im Hintergrund.

DIE TAFELN DER SECHS MILLIONEN

Den funfthunderttausend Hyänen
Kam nicht schnell genug Deutschlands Ruin,
Sie schoben bis leer alle Läden,
Drauf schob man sie ab aus Berlin.

Bald sahen wohl dreihunderttausend
Am Hudson ins "Vierde Reich" ein,
Wo prompt sie ganz New York aufkauften,
Wie konnte es anders auch sein!

Jetzt blieben noch zweihunderttausend,
Von denen die Hälfte sich vorang,
(Von den übrigen einhunderttausend,
Sind beileibe nicht alle hauf tot!)

Doch dann kam der Adelf, jenseitend,
Und warnte sie herdenweise ab,
Sodass von dem Rest der paar tausend,
SECHS MILLIONEN nun stiert das Grot!

Jetzt, Bruder, bricht weg mir die Sprache,
Wenn ich seh', wie die Tafeln erlösen,
Denn ist nicht mein Rechen maschinig,
Dann lets um uns alle geschick!

FROM THE PROCLAMATION OF LONDON

The message of Hollywood is the total significance of the isolated individual, stateless and rootless, outside of society and family, whose life is simply the pursuit of money and erotic pleasure. It is not the normal and healthy love of man and wife coming together by many children that Hollywood preaches, but a diseased erotic-for-its-own-sake, the sexual love of two grains of human sand, superficial and impermanent. Before this highest of all Hollywood's values, everything else must stand aside: marriage, honour, duty, patriotism, sternness, dedication of self to a higher aim. This ghastly distortion of the sexual life has created the excitement which obscures its millions of victims in America, and which has now been brought to the mother soil of Europe by the American invasion.

This condition of degeneration, so widespread in America, with its colonial lack of resistance to culture-disease, and so threatening to Europe under the present American domination, has not arisen by accident. A century ago, the liberal-communist-socialist Karl Marx and his coteries formulated as their programme the destruction of the family, of marriage, and of the fatherland. They declared a horizontal war against the Western civilization, affirming their aim of disintegrating all social, cultural, and political forms. America is their programme in process of actualization, and its example shows Europe what the liberal-communist-democratic regime of culture-distortion is preparing for it during the coming generations.

ANNIVERSARY OF THE HEROES

It is just seven years since the passing of the Duce and the Führer, seven years in which the vindication of their policies has been complete.

The physical death of Mussolini and Hitler has not diminished their dynamic presence. Greater even in death than their pygmy-like would-be murderers are in life, their spiritual leadership lives on in the new Fascist movements of the present, reaching now far beyond the old national boundaries of the German Reich and the Italian Empire to embrace all Europe and the outposts of Europeans overseas.

Today, many who were opposed to Hitler and Mussolini in their lifetimes, owing to the distortion of the truth and the mass-production of lies, now see through the mountain of perjury and recognise the greatness of their mission. In every Western land at this moment new Fascist movements are operating, and in Germany, Italy and Austria these are of great strength, and are already on the eve of victory. To the future which will be as great as the momentarily interrupted past we give eternal salutes - HAIL HITLER! VIVA IL DUCE!

AMERICA'S TWO POLITICAL FACTIONS

by Ulick Varanne
(Continued from Issue No. 22)

It was the military faction which insisted on the economic help to the Sorbian butcher Tito, whose revolt against Moscow occurred through no connivance in the Washington regime, and who was at first denounced in the American press. It was the military faction which insisted on the imposition of a war-alliance on Greece and Turkey. It was the military faction which intervened in Korea -- it will be remembered that Acheson refused all comment during the early days of the war in Korea, for his Communist faction was still fighting hard against American intervention. It is the military faction which is still fighting for the imposition of an alliance on Spain, and the Communist faction continues to sabotage all efforts to make this alliance real.

With the knowledge of the existence, the identity, and the interests of these two factions, the otherwise insoluble, riddle of American policy becomes clear. Thus, in the Russian blockade of Berlin, summer 1948, the military faction wanted to send armed convoys through. This of course would have brought about a political defeat for Russia, since the Russians were in no position to challenge such a military demonstration. Therefore the Communist faction in Washington threw all its weight against such a move. The final result was the "air-lift," a compromise between the two factions, which saved Russia's face and destroyed American military prestige in Europe. Europeans no longer believe, even the democrats and America-lovers, that America has either the will or the guts to oppose Russia. It is the military faction, again, which is recouping its prestige in Europe and going through the forms of rebuilding European military forces, including a German Army. And it is the Communist faction which opposes, now openly, in debate and propaganda, now secretly, in sabotage and undermining, all these maneuvers. Here is manifest the terrible weakness of this politically-unconscious military faction: at the very head of its wish-thinking so-called European army, it allows the empty Eisenhower to make sure that the real power lies at least, there with the military and not with the political belongs by his

WHAT THE FRONT IS FIGHTING FOR I

POINT 5: CLEANSING OF THE SOUL OF EUROPE FROM THE ETHICAL EXTHILLS OF HOLLYWOOD AND THE MARXIST BOLSHIEVISM OF MOSCOW.

The has no... looked upon what passes for the youth of Britain, France, and the other administrative areas of Washington Occupied Europe, and not despaired of the future? But we not know in our hearts that this is not the youth of Europe we should, indeed, feel incurably saddened. Nevertheless, this pathological and retarded stratum is too serious to be ignored. Ragged with sex-shaking and twitching to the mechanical, alcohol-stewed, this motley group of long-haired males and short-haired females requires -- AND WILL RECEIVE -- a major operation. In this group God has been replaced by Lust, the Priest by the Psycho-analyst, the Hero and Heroine by the promiscuous, Lounging-lizard and the glittering Harlot. For all of these things Jewish Hollywood is responsible. This doctrine of decadence and degeneration has been preached without pause since Hollywood began. Its objective has been the seduction of the youth from the stern, selfless, patriotic tasks which constitute the duty of each Generation.

More readily understood, and therefore not as dangerous, is the virus of Jewish Bolshevism. Here the destruction of religion, patriotism, tradition, has been open and blatant and has aroused a strong reaction. Very few people in any European land fail to recognize the essential negation of Bolshevism, and short of European occupation by the Red Army it has no possibility of establishing itself openly on any governmental level. What is not so well understood is the fact that Bolshevism is the technical spearhead of the Jew-organized Coloured Revolution -- the revolution of satellites and negroes to destroy the West. Against the demoralization of Jewish Hollywood and the barbarism of Jewish Bolshevism we oppose the unconquerable spirit of Christian Europe.

BMH. 10/24/52

history to the Jewish-Communist faction, and he could no more be relied on to fight Russia than could Nehru or Togliatti.

The Communist faction ties the hands of the American forces in the Chinese War, refuses to use superior atomic weapons against the Communist enemy, and talks even now, in the American press, of the wisdom and expediency of extending diplomatic recognition to China in the middle of a war. Similarly, during the "air-lift", friendly diplomatic conversations continually went on between Communists from Moscow and State Department Communists from Washington, to keep everything within bounds and make sure that all incidents would be minimized in order to assure Russia's diplomatic victory.

The only question of interest to us is what is the significance of these two factions to Europe? The objective of the Communist-Jewish faction is the destruction of the Western Civilization, including America. The military faction has no political objective whatsoever, its purely military objective is preparation of a successful war against Russia, securing in the process all possible strong-points and bases, and utilizing to bring about its victory the man-power of Europe. In its official doctrinal publications, this faction has re-oriented to the former nations of Europe as "pawns" in the war-front against Russia. The military faction at the moment is stronger than it has been at any time since the war, as shown by its forcing through the Spanish rapprochement and by its progressive reconquest of Europe. Its conception of Europe is a heavily industrialized area of a numerous population, politically and spiritually well-learned, whose only rational formation is that of a group of mutually hostile protectorates, united only in common allegiance to America. Europe's main function in this estimate is that of furnishing military support -- principally in man-power -- to the plans of the American Generalate in its self-imposed task of conquering the world. Partisans with the American recognition of Europe proceeds an internationalization of the persecution of European nationalist elements; in France and Belgium the secret police are ordered "plots" and can colonial administration to discover "plots" and

make arrests; in Rome 35 are arrested by the church; 11 regime; in Germany a new wave of repression is begun by the local church; Adenauer. All this is testimony to the spiritual leadership of the Liberation Front, the first European nationalist organization, whose policy is gradually being adopted all over Europe by the elements of tomorrow, and is therefore being attacked all the more bitterly by the elements of yesterday.

Both factions mean the subjection of Europe, but mean the thwarting of its organic destiny both are aimed by jealousy of Europe and the wish to prevent coming imperialism of Europe. Future developments in the intensifying struggle between these two factions are unpredictable. In no case can Europeans play the role of spectators in a foreign struggle rather than actors in the poetry of their own destiny. Let no misguided European beguile himself into an utterly misplaced sympathy with the American Generalate as an American nationalist group, for this it most certainly is not. It is more nationalist than is the Ford assembly line at Dearborn. Nationalist means: placing the interests of one's nation before the interests of a class and before the interests of other nations; it is a political word, and in the political realm, it cannot be repeated too often. The American Generalate is unconscious; it would as soon fight Europe as China -- in fact a comparison of American tactics in 1941-45 and in 1950-51 indicate it would rather fight Europe; it would as soon bombard London as Berlin, Buenos Aires as Moscow. These generals are not men of the stamp of Moltke, Schlieffen, and Clausewitz, but rather of the stamp of Henry Ford. Their contribution to warfare is an assembly line; their military faith is not in morale, love of Fatherland, and iron discipline, but the belief that with enough industrial production, Destiny itself can be set aside and History be made to come out the end of a tube.

The true American nationalism is not constituted as a party, nor a faction, and not even yet as a movement. It is still a more feeling distributed among a certain spiritual level of the American population. This American nationalism is a spirit that recognizes America's colonies:

BMH. 10/24/52

status vis-à-vis Europe, that has no wish to destroy the mother-soil and father-culture of Europe, that could be counted upon always to assist Europe against Asia and the world coloured Revolution. This America still existed politically in 1900 and in that year sent an expeditionary force to China, there to act in concert with European forces, in the "Boxing" of the Boxer rebellion, the whole under the command of a German field marshal. But at this critical moment of our Destiny, this America has no political existence, Europe cannot look to it for hope, confidence, unorganized, unconscious as it is.

Friendless and alone, Europe is thrown upon its own resources for its own salvation. But these resources are mightier than all the accumulations of matter and biological units to operate the matter of which the enemy disposes. In addition to its unassailable superiority in will, instincts, and intelligence, Europe possesses within it that which the enemy cannot even understand, the invincible poetry of the Western Civilization, the arrogant products of America's human assembly line who call themselves at present, the Allied High Command have no past, they contain no unit, they have no future.

At this moment both of America's factions are the enemy of Europe. Europe will not fight under the banner of the Allied High Command.

Europe will not fight under the banner of the Allied High Command.

In a time like the present, in which confidence and hope are, in a way, allied with decadence and indepotence are, in a way, allied with a world which God plucked better, it is a world while to seek out an honest viewpoint.

In the "Morning" a widely read evening paper of Rio de Janeiro, there appeared in the final edition of

of January 10th, 1952, an AFP despatch from Jerusalem, which ought to be brought to the attention of every European. The despatch, freely but faithfully translated, reads as follows:

WE WILL KILL ANY ENVOY AND DESTROY ANY GERMAN CODES

Jerusalem, January 10th, (AFP) The spokesman of a group of former members of Irgun Zvi Leumi and the Stern Gang (hitherto non-political movements) declared today to a journalist of "FRANK-EXPRESS" that "any diplomatic representative or plenipotentiary for trade negotiations of Eastern or Western Germany, who sets foot on the soil of Israel will be treated as a war-crime, condemned and struck by a plague."

The spokesman added: "We have no connection with any political party, but we shall never quarrel with any connection between Israel and Germany, and if need be we shall resort to terror."

Every German product that may come into Israel will be seized and destroyed, even if it is already in the course of trade. No most earnestly warn all Israeli firms not to enter into any commercial relations with West or East Germany."

It is lamentable that the so-called leaders of occupied Germany cannot muster up even a fraction of the attitude which characterizes the leading men of the operative-state of Israel. The whole situation becomes most interesting when one remembers that present-day Germany counts great numbers of Jews in its highest places. Is the unvarnished Israeli threat also against them, or are only non-Jews included?

This Jewish attitude neither surprises nor frightens us. We are grateful for its frankness... but how can Messrs. Heuss and Adenauer not be concerned? Perhaps they will notice the practical implications which lie hidden in this Jewish emotional outburst.

The "German" Foreign Office can prescribe a holiday in Israel for its used-up diplomats, or for those gentlemen approaching the age of retirement. This will result in a great saving for the Reich, and will in no way injure the interests of Germany, for on the one hand

Attached are eight copies of report of SA TONY SMILGIN at Chicago dated January 27, 1953.

It is to be noted that investigation in instant case has been conducted since December, 1951. In an effort to bring this investigation to a logical conclusion, the following information is being furnished regarding subject YOCKEY:

1. The present address of FRANCIS YOCKEY is unknown. YOCKEY arrived at Atlantic City, New Jersey about the middle of May, 1952 and until June 18, 1952 had an exhibit of landscape paintings on pinheads at the Million Dollar Pier, Boardwalk, Atlantic City, New Jersey. YOCKEY is known to have resided at the Lyric Hotel, Atlantic City, New Jersey with [REDACTED]. He also resided at the Endicott Hotel and in an apartment on Arkansas Avenue, Atlantic City, New Jersey during the summer of 1952. YOCKEY also resided at Sloane House, 34th Street, New York City during July, 1952. On October 24, 1952 YOCKEY was seen at the Pennsylvania Railroad Station in Baltimore, Maryland. The subject at the present time is apparently unemployed and destitute.

YOCKEY and [REDACTED] were reportedly heading for Detroit, Michigan in the fall of 1952.

The present employment of YOCKEY is unknown. His occupation is that of a lawyer.

YOCKEY is a member of the white race and was born at Chicago, Illinois on September 18, 1917.

2. YOCKEY married ALICE O'READY MAC FARLAND on July 6, 1943. His wife joined YOCKEY in Germany with their two children in 1946. YOCKEY deserted his wife in Germany in 1946.

YOCKEY served as a United States Review Attorney in Germany and
created an unfavorable impression by interceding in behalf of a

YOCKEY had written a pamphlet entitled "Why the Americans Did Not

YOCKEY was said to be fairly well known in extreme rightist circles by
his penname ULICK VARANGE under which he published the paper "The

"Imperium." Along with A. CANNON, described as a member of the
lunatic fringe of British right-wing politics, YOCKEY is the co-founder
of the publication "Liberation Front" published in Manchester, England.

Rebulet dated January 15, 1953.

Transmitted to the Chicago Division with referenced letter were books and speech manuscripts reportedly left by subject YOCKEY at the home of [REDACTED]

Reference is made to Item 4, a speech manuscript entitled "America's Two Ways of Waging War," which is enclosed herewith. This manuscript which criticizes the manner in which the present Korean conflict is being waged in comparison with the manner in which World War II was carried on apparently is not the work of subject YOCKEY but could be a speech of Senator JOSEPH R. MC CARTHY of Wisconsin.

That the manuscript "America's Two Ways of Waging War" is the work of Senator MC CARTHY can be assumed from the following part of the manuscript beginning with page thirteen:

"Tonight I have been only your voice, saying what you feel and think. If these were only my personal thoughts, they would not be interesting, but these thoughts correspond to the feelings of the great mass of our people stretching from ocean to ocean, from the deserts of the Southwest to Maine's rocky coast. If that which has been said here were only my personal ideas, you would not have come, nor would I be here. When I went into public life, I did not enter it for my own advantage, and in public life I have always had the choice of saying the popular thing and getting praise from America's powerful enemies, or of saying the truthful thing and being smeared and calumniated by those enemies, enemies of America, of you, and therefore, of me."

"They have invented a word, McCarthyism. A clever trick, they thought. The idea was to make everybody think that I am something unique, some sort of wild individualist, somebody all alone. Their trick has not worked. I give it the lie right now. There is no such thing as McCarthyism -- what they mean is Americanism."

In an attempt to obtain further information concerning subject YOCKEY, whose location at the present time is unknown, the Bureau if it deems it advisable, may desire to contact Senator MC CARTHY to determine whether the manuscript is in fact MC CARTHY's speech; whether the manuscript is an original copy; whether the Senator is acquainted with subject YOCKEY, and if so in what manner subject YOCKEY obtained instant manuscript.

My fellow Americans:

Our meeting here tonight is symbolic -- symbolic of a deep and wide unrest now going through the American people. This growing unrest arises from an awareness throughout all of our people that somehow, somewhere, SOMETHING IS WRONG. It does not fall to everyone to devote his life to the service of his people, but it is the duty of him who has made this decision to represent -- truly to represent, in the most spiritual sense of that word -- his nation. It is for him to actualize the innermost feelings of the national soul; it is for him to make clear and articulate that which everyone dimly feels. It is his duty, because he is himself only the voice of his nation and his people.

Therefore, I am not going to burden you with purely personal ideas -- I am only going to answer the question in your minds and hearts: WHAT IS WRONG IN OUR LAND? Nor will I use ~~such methods and means as complicated~~ the alien terminology of the Marxists whether from Moscow or Washington. Our enemies like to use involved and complicated explanations why their policy abroad is necessary, why America must continually retreat before advancing Communism, why American blood must be spilt in a war in which American on the battlefield victory is forbidden by the American government. But I will use only your language, which is my language; when I mean war, I shall say war, when I mean peace, I shall call it that, and when I mean treason, I shall say treason.

Have you ever noticed that the Truman-Acheson regime says war when it means peace, and says peace when it means war? ~~For instance~~ In Korea, ~~tonight~~ tonight, American blood is being spilt in defeat and Americans ~~xxxx~~ are dying in cold, in isolation, in despair. ~~the Washington regime~~ What does the Washington regime say to this? It says: "By our clever diplomacy we are preventing the Third World War". Fellow Americans, they lie! Korea IS the Third World War, and our rulers are leading America to a defeat in that war!

DMH 12/17/52
WJ 12/17/52

It is a shocking thing to say, and to contemplate, is it not? To think that men, entrusted before God and the world with the conduct of America's destiny would coldly and deliberately prefer the interests of America's enemy to the interests of this American nation. Because of the enormity of this crime, most of ^{US} ~~A~~ hesitate even to think of such an explanation of events, and we only realize it with the greatest reluctance, when every other explanation is excluded.

As an American who has watched the steady descent of his country from its high point of 1945, when the ^{human} ~~A~~ affairs of 9/10ths of this earth were under the control of America, as an American who has felt himself humiliated as he has watched his country's humiliation at the hands of the Communist Barbarians of Moscow, as an ~~American~~ ^{to read} veteran of America's armed forces who is forced every day in the press ~~in~~ ^A to read a new list of hopeless American casualties, I have no joy in recounting to you the vicious story of treason in our country. It gives me no pleasure to tell you things which ought never have happened within our land. But, regardless of everything else, my first duty is to tell you the truth -- and in particular that very truth which the Washington regime is so intent upon concealing.

I would like to think, as would you also, that the explanation of America's continuous and endless succession of defeats and humiliations, America's progressive loss of power in the world, ~~and its~~ is simple incompetence/ on the part of the Executive branch of the government. Perhaps these people simply do not know how to seek and acquire allies, perhaps they do not understand how to strike salutary fear into the hearts of the Kremlin barbarians as they proceed on their self-appointed task of the conquest of the world. Perhaps the Truman-Acheson regime would like to win in the present war with China, but they do not know to manage a war.

This explanation could possibly be accepted if we did not still have before us, present in the memory of every person in this meeting, the entire Second World War. In that War, the entire Communist faction in the Washington regime was wholeheartedly in favor of victory.

In this war, as we all know, the Communist faction ~~in~~ desires an American defeat. Let us compare the two wars, and we shall see develop before us America's Two Ways

of Waging War.

First of all, what was the objective of ~~that~~ the Second World War? It was given to the world as UNCONDITIONAL SURRENDER? They wanted total victory, and they said so. But what is the objective in the Chinese War now going on? In Acheson's words, it is "a just truce". Not even peace! Much less victory. ~~xxxxxxxxxxxx~~ No question of unconditional surrender. Marshall as ~~Ministry~~ Secretary of Defense visited the battlefield and there announced to the press that the American mission in Korea is "to prevent the enemy from coming below the 38th parallel". Did he make a similar announcement when America was fighting Germany and Italy? No, when he wanted victory, he said so, and he subscribed to the "Unconditional Surrender formula".

Next, during the present Chinese war, the whole regime in Washington says we must prevent the conflict from spreading, we must localize the conflict. What did they want in the Second World War? They wanted a continual extension of the front, continual involvement of other powers. They exerted every conceivable pressure to bring other powers in on their side. When they had two fronts, they wanted a third, when they had that, they wanted a fourth. They wanted to win that war.

Next, did they refuse any offers of troops in the Second World War? On the country they used every pressure on neutrals to extract troops from them to ^{use} against Germany and Italy. But in the present war against Red China, they have refused Chiang-Kai-Shek's standing offer of 500,000 combat-ready troops. Not only do they refuse his offer, but they have ordered the American ~~fleet~~ Navy to blockade Chiang-Kai-Shek so that he can not strike the Chinese Communists. Yes, tonight, as ~~xxxxx~~ we meet here, the American Navy is protecting Red China.

On the same point, South Korea under Syngman Rhee, our ally in the war against Red China, does not even have conscription of its man-power to defend the soil of Korea, nor has the Truman-Acheson regime put any pressure on South Korea to raise more troops by conscription. Not like the Second World War, is it? Then, they sought to get troops even from neutrals. Now, they refuse troops, even from allies. The difference is, that they wanted to win that war. You see, Russia and the Communist faction also wanted victory in that war.

Next,

When the Second World War was finally brought about by the ultimatum to Japan which precipitated the Pearl Harbor attack, every cabinet minister was loud and positive about his support for the war. But when the war in Korea started, ^{Secy. of State} Acheson could not even be prevailed upon by the press to make a statement for several days. American troops were ordered to resist the Red onslaught ^{only} through ~~military~~ channels of military command, and Acheson was not in on it. Then, as now, he was thinking only of ways to stop the war, to stop the resistance against Communism. ~~However, during the Second World War~~ The reaction of George Marshall, the Defense Secretary, to the war in Korea was similarly lukewarm. No fire breathed from him, no talk of UNCONDITIONAL SURRENDER, no talk of victory. He knew how to work for victory in the Second World War, but in the ~~Second World~~ war which began in Korea in June 1950, George Marshall and his entire faction did not talk about victory.

Perhaps the reason that Marshall and Acheson are lukewarm about fighting Red China is that they ^{themselves} called this political monster into being. In June, 1946, the Marshall-Acheson group even sought ~~in~~ Congressional sanction to send an American military mission to train and equip the Chinese Red Army, whose only enemy then was the Chinese government of Chiang -Kai-Shek, the ally of the United States. Think of it, American officials daring to advocate the arming, training, and equipping of Communist armies against America's allies, and thus against America. If Marshall had been as stupid as to do such a thing unawares of the treasonable nature of his activity, he never would have had sufficient intelligence to graduate from military school. If Acheson had been that stupid, he could have never entered the Bar Association.

Let us compare further the conduct of the Second World War, in which Russia and the communist faction in Washington wanted victory, with the Third World War, in which Russia and the Communist faction in Washington want defeat of American arms.

In the present war against China, tourist traffic is still permitted to the Far East, including Japan, the staging area of our Far Eastern forces. Was tourist traffic permitted on the oceans during the Second World War? Of course not, for every cubic foot of space was required for war transportation. You see, they wanted to win that war.

In every war mistakes occur, and they occurred in the Second World War. More than once, American land forces and American air forces fired upon one another. More than once, American field headquarters were bombed by American planes. But these incidents were not magnified out of all proportion and spread across the land in great headlines. But, remember the scandal that was created out of the incident in Korea in the winter of 1950 when certain American units did not receive their proper winter clothing? It is the operation of the communist faction in press and government which resolves this riddle. In the Second World War, they wanted no military scandals to undermine public confidence in the command, ~~to~~ damage public morale. In the current war, the exact opposite is true. They want scandals which will break down public confidence and morale, which will lay the groundwork for defeat.

Next, remember how the press, in the Second World War, continually told us of the imminent defeat of Germany, Italy, and Japan? We were told every day -- it won't be long now, our victory is assured, we only need keep up the fight a little longer. Now what is the line, now that we are fighting communism and Red armies? Now we learn that the war would be endless if it were extended, that we can never gain victory over the enemy, that Russia is getting stronger day by day, that Russian plane production exceeds ours, that their planes and tanks are better, their man-power is greater, that the best we can hope for is to pay them tribute to let us ^{live} ~~live~~ in peace.

Do you see how the pattern emerges, in unmistakable clarity, in utter simplicity? No wonder the inner enemy wants us to be confused by a thousand viewpoints, distracted by scandals, and twisted into knots by his perverted explanations of his treasonable diplomacy. All you need to do is sort out the facts, and the big issue is there: in its stark greatness, it dominates the entire American political landscape. Involved in this issue is the entire future of our land, our nation, our people. Either we meet this challenge, or our nation and everything that has ever been known in world history by the name America will go down into permanent darkness.

Fellow Americans, look once more at the Second World War, the war against Germany. In selecting the leadership for that war, political and military, did

our rulers select men with ~~inappropiate~~ pro-German backgrounds, with a long record of affiliation with Germany, men who had dealt publicly and privately with Germany's leadership? On the contrary, any such persons were purged at once from positions of leadership, and only pronounced anti-Germans were entrusted with conduct of the war against Germany. Regard now the present war against Red China, especially the moment of its beginning: in their theory, who are the participants in the war? The United Nations on the one side, the Republic of North Korea on the other. But who is entrusted with the conduct of the war, in theory? The Security Council of the United Nations -- and in June 1950, at the beginning of the Korean War, this organ was presided over by a Russian delegate, the personal representative of Stalin. Here then we had American armies fighting under the command of an alien organization called the United Nations, ~~and~~ and under the theoretical command of its Security Council presided over by the enemy. When we fought Germany, were we ever a member of an alliance which embraced Germany, and presided over by a German representative?

over/ Look again at the United Nations: the secretary-general of this -- should I say -- organization, is a man named, most appropriately, Lie, spelled L-I-E. This man was nominated for his position by Russia and he has continued during his tenure of office to merit the confidence of the Russians. His mission there is to see that Russian interests are not damaged, and he visits the Kremlin from time to time to report and consult.

Yet this is the organization under whose artificial flag American blood is being daily spilt, ~~and~~ spilt heroically as far as the individuals are concerned, spilt in defeat as far as American national interests are concerned. When the American Navy bombards the enemy coast of Korea, the United Nations flag is run up, and American land forces fly this alien flag over their headquarters. Compare it with the Second World War. Were American soldiers told they were fighting for ~~their~~ some abstraction, some League of Nations or other? No, because every leader knows that his nation will only give its best and sacrifice the most in the name of its own nation, a living, breathing reality, and in the sign of the symbols of that nation, clothed with its history, drenched by its blood, bound up with its honor. In the Second World War,

Look for a moment at these men who are leading or have led, the American war effort against Red China. There is Truman, whose pet name for Stalin is good old Joe, the man who played the piano for Stalin at Potsdam, even as he was giving him half a world. Look at Acheson, the leader of the pro-Russian clique during the entire Second World War, the member of a law firm which has represented communist interests for 20 long years, the co-architect, with Marshall of the Red Chinese State with which we are now at war, the bitter opponent of General MacArthur, whose first offense was that he refused to kow-tow to Russia in the Far East. Look at Marshall, the man, who as Chief of Staff of a great world-power ~~in~~^{remember} in a time of crisis, did not ~~know~~ where he was on the morning of the Pearl Harbor attack, the man who continually during the Second World War sacrificed the needs of MacArthur's command in the Pacific to Russian needs in Europe, the man who undertook the mission to destroy the ~~government~~^{state} of Chiang-Kai-Chek, the firm ally of America, the man who gave decisive aid to the Chinese Reds in the Civil War and thus at one stroke lost one-quarter of the world to America, the man who has had private conversations with Stalin, and has not thought it necessary to tell the American people what was discussed in those secret conversations. In the Second World War, they did not choose men of backgrounds friendly to Germany and Germany's leadership to carry on the war, but for the Third World War against ~~Communism~~ Russian-directed Communism, the crusaders to lead it are men who have been distinguished by pro-Russian activity.

A hollow and stinking crusade! A crusade in a vacuum! A crusade which does not want to win!

they wanted victory, so they used the American flag, which has always been attended with victory. In the present war against communism, they ~~want~~ want a defeat of American arms, so they use ~~the~~ an abstract flag representing nothing more than an office building in New York, the 2d league of nations, doomed, as we all know, ~~to go~~ to go the way of the first league of nations.

During the Second World War, against Germany, ~~it~~ no part of the press, and no one in the government, spoke of a truce, or of a peace. It was treated as quite self-evident that whoever sought ~~ag~~ peace was approaching treason. Now, however, when we are fighting against world-communism, our rulers talk of a "just truce", whatever that is.

When the Red enemy finally consented to enter into truce talks -- for his own purposes -- he stipulated that the American delegates approach the conference through a gauntlet of Red bayonets, and carrying the white flag. This vile and dishonorable sight was then photographed and spread over ~~the~~ all Asia as the sign of America's surrender to Asiatic Reds. The illiterates of Mongolia, Burma, and India, to whom a newspaper means nothing, nevertheless understand the language of pictures, and know the meaning of the white flag. Why was this abject and vile performance kept from the American people? Compare it with the Second World War: did anyone ever suggest going to the Germans with white flags? If he had, the Democratic administration would have prosecuted him for ~~treason~~ treason.

Another point: do you remember those first months of the war in Korea, when the only enemy in the field was the North Korean Red Army? During that period, the entire American press, and ~~the~~ members of the administration prompted them, continually spoke of the possible intervention of China in the war. It was treated ~~as~~ as natural and normal that China would intervene against us, and no measures were contemplated, ~~which~~ suggested or discussed, to prevent that intervention. Was there anything like this in the Second World War? Was it not treated as self-evident that if anyone entered the war it would be on our side? After all, Red China was created by the Truman-Acheson administration, and Marshall was the mid-wife who ~~gave~~ delivered this monster into life. ~~But~~ No, the threatened intervention of China -- not threatened by China, but by the Washington regime

and by the communist faction in the American press -- was used as a further reason for inculcating defeatism, and for mollifying America's conduct of the war.

Where in all this clear pattern of events do we now find any ambiguity? How could mere stupidity, however gross, account for this systematic and continuing anti-American conduct? ~~American troops are in the field~~ Look at the picture: American troops are in the field, they are fighting for their lives against huge odds, dependent ~~upon~~ for bare survival upon their technical superiority in weapons and transport, dependent for their victory upon that same superiority. These American troops are armed -- thank God for the technical superiority of the Western Civilization! -- with atomic weapons against which the Red Chinese enemy cannot retaliate. This superior weapon, which brought about surrender of the Japanese Empire within a week from the date of its employment, is held back by our rulers. Did they hold back any weapon in the Second World War?

What reason do they give for this refusal to exploit every possible means to give victory to American arms, power to America, and life to American soldiers who tomorrow may be dead in this treasonable war in which victory is FORBIDDEN? They say: "We don't want to anger the enemy, or the neutrals, like the pro-Communist Nehru. We don't, above all, want to spread the war, because Russia might intervene, and then, naturally, we would lose." Did they refrain from the mass-bombing of German and Japanese cities because it might make anybody angry? They would have pushed anyone aside who didn't like it. They were determined on victory and unconditional surrender, and they were prepared ^{use} to any amount and any form of armed force against anybody whatsoever to achieve their purpose. From the beginning Nehru has been the spokesman for Red Chinese interests, so in that quarter we have no sympathy and no neutrality to lose. As to the argument about Russia: it is a crass and vile lie that Russia could defeat the United States in a military contest, and those in high places who say it know that it is a lie. If they believed it, they would be cowards, but they are worse than cowards, they are liars, using their lies to support their treason.

I am not yet finished with this matter of the atomic bomb. Fellow Americans, God made this world as it is, and in its ever-recurring forms we can dimly perceive his divine plan. World-history, in which America is now caught up, involved for its

very life in the tempest of events, is the history of NATIONS. The units of history are NATIONS. ~~Some nations~~ Those individuals who lead those nations owe their primary duty to that nation whose destiny God has placed temporarily in their hands. It is not allowed to a ruler to sacrifice his people on the battlefield to abstract aims like United Nations of some kind or other, like humanitarian principles of one kind or another -- it is the duty of every government of every form to serve the national interest, and no government has the right to expend one single soldier for any other purpose.

It is thus the DUTY of the American military high command -- and Truman, with Acheson hovering over him, is the supreme commander-in-chief -- to bring victory to American arms in order to save American lives. In that duty, every reasonable means of achieving victory must be pursued., including the use of atomic weapons to the utmost.

Six years ago, to justify the atomic bombardment of Japan, did not Truman officially ~~justify~~ state that it was done to terminate the war quickly and thus save American lives? His reason was sound then -- why is it not sound today?

It is not sound today, to the minds of the Truman-Acheson regime, because the aim of the present war against Red China is not victory, it is not unconditional surrender, it is not to save Americans lives. Six years ago this regime knew how to fight -- can we believe that today it no longer knows how to fight? Would Truman, Acheson and the entire communist faction dare to ~~appear~~ appear on this platform and answer the questions of this audience here tonight?

Fellow Americans, I say to you now, and beyond this audience I say it to the entire American people and nation, and I say it with every ounce of seriousness and purpose I possess: ~~The war in which America is now engaged is being waged~~ The war in which America is now engaged is being waged ^{in America} not for American victory, but for Communist victory, and these ^{in America} who are ultimately responsible for the conduct of this war are guilty of black, damnable treason.

Think of the Second World War ~~in~~ on the question of prisoners-of-war: if any American legal officer had announced that Germany had killed 5,000 American prisoners-of-war, would he not have had a favorable and continuous press, would not the high command have given him every assistance in his task of investigation and proof? ~~Since nothing happened~~ ~~nothing happened~~

We know they would. Yet how was it when Col. James Hadley, the Judge Advocate of the Army in Korea announced that he had proof of Communist slaughter of 3,000 American war-prisoners? He was immediately summoned to Tokyo for discipline. The Command in Tokyo stated that he should have made his announcement under their conditions, that he was injuring their plans by exposing Communist atrocities at that particular time. It was given a poor press, and Truman's reaction to it was "If it is true, it is the worst thing that has happened in the century". Note that "If it is true --". It prepares the public to disbelieve it, to greet this American officer's statement with suspicion, to wait and see. Editorials in the American press, slipped in by members of the communist faction, counseled the public not to get excited, to wait and see -- in other words: wait and FORGET. And up to now, what has been done about this massacre of American soldiers, surrendered and disarmed? Absolutely nothing. The Communist enemy has in no way been deterred from future massacres.

And yet, my friends, I know what Washington, Hamilton, or Andrew Jackson would have done.

During the Second World War, the Washington regime was not faced with a ~~very~~ great problem of ~~an~~ inner enemy. ^{Nevertheless} it interned and uprooted all the Japanese on the West Coast and ^{numerous} German born men and women ^{all over the land}. ~~XXXXXXXXXX~~ The vast majority of all internees were American citizens, but nobody worried much about their "civil liberties".

During the present war with Red China, however, everything is different. The inner enemy is numerous, highly organized, thoroughly indoctrinated, with a literature of class war, proletarian dictatorship and world conquest going back a century. At the very narrowest, the inner enemy includes the Communist Party and affiliated organizations more realistically it includes also the Communist sympathizers and backers of Communist-front organizations, many of whom are in high positions in the Executive, Legislative, and Judicial branches of the Federal and State governments. Although we are in a state of actual war with Communism, with Red China backed by Red Russia, no measures have been taken against this dangerous and powerful inner enemy, who is actually in a position, as every day's news tells us, to destroy the American war effort and kill American soldiers on the battlefield from behind.

One feeble measure was attempted: an "anti-Communist" bill was passed by Congress, over the powerful opposition of the Executive branch of the government, requiring all Communists to register. Truman vetoed this anti-Communist bill, and it was passed over his veto. When it went into effect however, all Communists publicly and openly defied its provisions, and refused to register. Nothing was done to them, because the whole bill was drafted in such a way that it could not be enforced because of vagueness of its provisions, and because there ~~was~~ was no penal sanction to the measure. Was this an accident?

Why was it ~~impossible~~ impossible to draft a real anti-Communist law?

Did ~~they~~ they proceed this way during the Second World War against Germans and Japanese?

Think again of the Second World War: Were American troops ~~ever~~, in the presence of the enemy, and without a truce being in effect, ever ordered to cease their fire? And yet this happened not three months since, in Korea. Company units, in the face of the enemy received an order, of which press correspondents there on the spot were informed, to refrain from firing on the enemy, except in self-defense. The order, once given, attributed to the "highest sources of command", was suddenly revoked and its very issuance was denied, as a result of the strong reaction of the American nation to this unbelievable scandal.

Is there anyone so blind that this glaring Red light does not illuminate the American political scene for him?

Look at the list of the Communist spies: Eisler, Hiss, Coplon, Guibychov, the Rosenbergs. Not one of them has received a punishment commensurate with his crime and sufficient to deter others from engaging in espionage. Eisler was allowed to escape, Hiss was tried on a charge minor in comparison to his real offense of espionage and given a short term from which he will soon be free, Coplon was released on a foolish technicality, Guibychov was set free to go to Russia, the Rosenbergs were condemned to death on a charge of treason, but it was clear at the time and it is clear now that these spies are being protected: they will never receive the death penalty, and their case will be reversed on appeal. Note what I say, and then observe your newspapers.

Was there ever an instance, in the Second World War, in which an American general, who had held the highest military commands within the power of his nation to confer on him, covered with the glories of his numerous victories, was removed from his command BECAUSE HE WANTED TO WIN THE WAR? Of course there was not -- the Washington regime wanted to win that war, so it encouraged and honored victorious generals. But in the Third World War, in which we ~~now~~ are now engaged, which we are daily losing, and in which every day we are faced with a new scandal, a new lie, a new treason -- everything is different. General MacArthur was disgracefully removed from command, and his offense was that he wanted to win the war.

In very truth, America has two ways of waging war. One for victory, and one for defeat.

Fellow Americans, we have stood in the presence of some awful truths tonight, we have contemplated some terrible things, we have witnessed the foulest of all crimes, the crime of treason. We have looked into the form of events and the events have yielded up their mystery to us. Now that we know precisely what is wrong in our great land, what is our response?

It is one of the things for which we must be grateful that the Communist faction does not yet have sufficient power to prevent free elections, nor to stifle the public voice, nor prevent public organization in self-defense against the Communist advance within America. Twenty years ago, if anyone had foretold that in the time to come an American military commander would be dismissed for trying to bring victory to American arms, he would have been called a lunatic. Yet we have seen just that. If this pattern of events continues, twenty years from today the Communists will be embarking on their final mopping-up operations in their total destruction of everything that the idea America has stood for in the history of nations. Perhaps they ~~have~~ would have the assistance of barbarian troops from Russia, perhaps that would not be necessary. If Americans are nothing but peace-seeking slaves who will pay tribute for peace, who will pay ransom to an enemy who kidnaps American airmen, the destruction of America from within will be easy.

But that is not to be, and one proof of it is this very gathering here tonight.

Tonight I have been only your voice, saying what you feel and think. If these were only my personal thoughts, they would not be interesting, but these thoughts correspond to the feelings of the great mass of our people stretching from ocean to ocean, from the ~~thunder~~ deserts of the Southwest to Maine's rocky coast. If that which has been said here were only my personal ideas, you would not have come, ~~in~~ nor would I be here. When I went into public life, I did not enter it for my own advantage, and in public life I have always had the choice of saying the popular thing and getting praise from America's powerful enemies, or of saying the truthful thing and being smeared and calumniated by those enemies, enemies of America, of you, and therefore, of me. ~~They have invented a word, McCarthyism. A clever trick, they thought. The idea was to make everybody think that I am something unique, some sort of wild individualist, somebody all alone. Their trick has not worked. I give it the lie right now. There is no such thing as McCarthyism -- what they mean is AMERICANISM.~~

When I give voice to an idea which is not in accord with the entire spirit of America and its history, an idea which is not in furtherance of America's destiny, of America's power, prestige and honor in the world -- then, but not until then, will there be such a thing as McCarthyism. Up until that time -- no matter what America's internal enemies chatter about, your enemies and mine -- I shall speak only in the American spirit.

Part of the campaign of treason is defeatism: Russia is too strong for us, let us be careful, don't use our superior weapons, someone might not like it if we win, let's ransom our soldiers and be quiet about it, a new communistic day has dawned in Asia, communism means hope for the Asiatic masses. You have heard it all and it has nauseated you.

I am not such a fool, nor such a contemptible coward to bring you any brand of defeatism. If I thought America were doomed to defeat and communist extinction, I ^{still} would continue to fight ~~me~~ to my last breath. But I don't believe in any such things: I believe in the spiritual resources of this nation, I believe that far from being exhausted, they have scarcely been tapped. America has only written its first pages in history, and not its last. I believe in the future of the Western Civilization, of

which America is an integral, organic part. I know, deep down inside me, that the
 are part of
 future belongs to us who ~~belong to~~ this Civilization and who share its great world
 mission.

I summon you, not to a Korea-type war in which to seek, and find, defeat, but to a
 war for victory. This, our immediate war is not far beyond our shores, it is here,
 in our own land, against the inner enemy. How can we conscientiously ask an American
 soldier to fight a foreign enemy under the command of the Truman-Acheson regime which
 whose members have
 has been guilty of such monstrous conduct, ~~which have~~ been pro-Russian all of their
 lives, a regime which cannot possibly be trusted to lead a war against Communism,
 honeycombed with Communist sympathizers and agents as it is?

~~By the same token, we must also ask ourselves, why should we be asked to fight a war against a regime which has been guilty of such monstrous conduct, which have been pro-Russian all of their lives, a regime which cannot possibly be trusted to lead a war against Communism, honeycombed with Communist sympathizers and agents as it is?~~
~~remained in the hands of the traitors who have been guilty of such monstrous conduct, which have been pro-Russian all of their lives, a regime which cannot possibly be trusted to lead a war against Communism, honeycombed with Communist sympathizers and agents as it is?~~
~~destiny~~

It is not a part of the divine plan that a great superpersonal force working for
 order and creativeness in the world, like the Western Civilization, is to be overcome
 by an onslaught of barbarians against an America weakened by corruption and betrayed
 by a horde of achesons.

The inner enemy, like the Red Chinese Armies in Korea, has not earned any of his
 victories. They have been presented to him by the marshalls and achesons.

But America is coming back. We shall pull ourselves and our nation out of this
 swamp of treason, ~~and~~ corruption and disgust.

We shall liberate our land from ~~its~~ the domination of traitors and then, by the
 help of the Almighty God, we shall restore the word America to its old meaning in the
 world before all nations.

By the deluge of our votes, by the irresistible storm of our organized protest, we
 shall sweep America clear of its inner enemies and onward to its God-given Destiny.

b7C, b7D [redacted] described YOCKEY as being, ver. independent, artistic, an English scholar, a lover of poetry and an excellent pianist. However, he feels that YOCKEY was unstable. While at Notre Dame, YOCKEY is believed to have resided off campus, and [redacted] did not come in frequent contact with him.

b7C, b7D [redacted] stated that if he should conjecture as to where the Subject might be residing, if he has left the United States, he feels that the Subject would be living in France as the Subject was greatly interested in that country.

The following investigation was conducted by SA

JAMES F. CAMPBELL:

At Augusta, Michigan:

b7C, b7D [redacted] advised that she was employed [redacted] by the American Red Cross from 1950 to November, 1952. She said that the Subject was Assistant Field Director for the Red Cross from December, 1950 to June, 1951 at Fort Custer. b7C, b7D [redacted] also stated that during the few months that she was acquainted with the Subject he impressed her as being very cultured, specifically enamoured with classical music. She said that the Subject had many feminine tendencies and that others who had worked with him were "suspicious regarding his activities", although she stated "no one ever had any definite proof of these suspicions".

b7C, b7D [redacted] went on to say that YOCKEY had told her that he had visited Europe during the summer of 1950 and that the only reason he joined the Red Cross was to get transportation back to Europe, where he stated "he knew many ways to make money other than what he could make in this country". YOCKEY told [redacted] that he had been to school at the University of Michigan during the late thirties, that he was also an attorney and hoped some time in the future to return to practicing law. She said that the Subject continually extolled the advantages of living in Europe to such a degree, she said, that his talk along that line was unbearable; and he was finally quieted by the Director, Mr. PETERSON, who presently is assigned by the Red Cross to Germany.

July 31, 1950:

Subject YOCKEY describes a "tremendous ^{mt.} speech" he had recently made in California. He referred to one SMITH and states that ~~SMITH~~ does not want to have anything to do with him since the talk he gave. YOCKEY stated that he, SMITH, puts out an excellent information service magazine, etc. "but personally I do not think he will get anywhere as his line is all wrong. "

"Don't worry about Korea. As I have told you numerous times there will be no great war for ten years. After the end of the second world war I told all my--shall I say--friends that ~~it~~ would be at least 15 years. Five years have gone by ergo ten. Remember it."

"Since I have written to you last I must tell you one thing more. You are to destroy this letter and all others I may ever write to you. If not, I shall write no more. I write to no one who keeps my letters. Entendu?"

Letter dated "Aug. 9 or so", postmarked Roxanna, Illinois,

"America always did fill me with a terrible feeling that I didn't know where I was, a feeling of being on the edge of the world, of being isolated-----.

"I saw old ~~BLCKER~~ ^{BLCKER} yesterday. Took him a possible law suit against the film gang who have stolen the sacred name of Imperium for a stinking cinema effort. I can't be bothered with it and he likes that sort of thing."

"I am at Ft. Custer, Michigan with the American Red Cross-----If, in a few months I am not on my way I would feel that my transportation idea failed, and I shall leave this thing and proceed alone."

Letter dated March 6 and postmarked Battle Creek, Michigan, March 17, 1951. The following quote reflects subject YOCKLEY's use of the name FRANK.

"With Frank one can be frank. I have the Americans in my environment call me FRANK. It blurs their impression of me and that is precisely as it should be."

Letter dated April 23, postmarked April 24, 1951, Battle Creek, Michigan.

The above letter refers to General MacARTHUR as "an ancient ass" and that he could have made himself king of this island. According to the writer of the letter, five years ago MacARTHUR was anti-German and pro-Russian, now he is anti-Russian. "No matter how much one sympathizes with American nationalism--which is not directed against Europe (see Imperium) he cannot wish MacARTHUR well, for he is a thoroughly unworthy representative of it. During the greatest drama, up to now, that has been enacted on the world stage, this idiot cast his sympathy to the stupid Russian clod and the slinking, sneering usurer--Jew. This I do not forget."

Letter dated "June 2 or so", postmarked June 4, 1951, Battle Creek, Michigan:

"I am familiar with the foul book A German Talks Back. I saw it in 1945 or so. I found no back-talk in it, but only the usual filthy Jewish propaganda. If it were a real book, it would be confiscated and proscribed, as Imperium has the honor to be---in three countries. People have been held in jail for possessing Imperium. Imperium is more deserving of the

BA 105-643

title (sub title let us say), A German Talks Back, than is that dirty little piece of Jewish--liberal--Masonic propaganda by the weak and despicable traitor H. USER.

"Forgive me for my enthusiasm about Imperium. It is growing on me. When I finished it, I was slightly disappointed but now when I pick it up I ask myself how could it have been written through such an unsure instrument as me, for in very truth its truths are super personal and the real author is the spirit of the age, the Zeitgeist."

Letter dated August 1, postmarked U. S. Army, August 1, 1951.

"I am in a God forsaken village named Baumholder, or rather in a camp above it. It is not too far from the French border in the Hunsruck Mountains."

Letter dated August 18, Stuttgart, postmarked U. S. Army August 20, 1951.

"I do not yet know whether my new position will mature. Two different sets of secret police have to clear me for it and a certain section of one of the two I know has me listed as an undesirable. It is frightful that I have to expose myself in this stupid fashion. No one can simultaneously try to do big things and be obligated to devote all his time and energy to the little little thing of earning his living."

Letter headed "Garmisch, September 4", postmarked U. S. Army Postal Service, September 4, 1951.

"I am enroute to Rome today. I had a disaster and lost my job. I resigned in the expectation--more, assurance-- of having another at once, twice as good financially. But the secret police told the prospective employer (Judge Advocate, 7th Army) that they wanted to investigate me for six months and he became frightened."

BA 105-643

In the above letter YOCKEY indicated that his next address would be in care of American Express Co., Rome.

Letter dated October 3, postmarked Napoli Ferr 1951.

"I am staying in one spot for about three weeks and thus if you answer today air mail I shall receive your letter. I am in Naples organizing the foreign part of a Fascist convention to be held 25-28 October. As you know, I do not believe in conventions, I believe in the lonely agonies of superior men, but I have ulterior motives, not the least of which is the fact that my expenses of living are being paid during this month, and thus for a short while I am relieved from the terrible pressure of economies.

"I have seen a good review of Imperium for South America. The reviewer calls it the bible of the next great European revolution."

In the above letter YOCKEY gave the address, c/o the American Consulate, Naples, Italy.

Letter dated October 12, postmarked unreadable, Italian stamps on envelope.

"Everyone now is beginning to say the things I said six years ago. The Korean war has proved and vindicated the proclamation. It has shown all Europeans that the Washington regime is incapable of fighting against Russian Bolshevism, being itself the very same thing, only in a different form. It has undermined the military prestige of America, and all over Europe, the people who matter are saying, with the Germans 'Ohne mich'.

"Little FRANZ was however the first to say it, to write it, and now again he is five years ahead of the other members of his race."

BA 105-643

Letter dated December 3, postmarked Montreal, Canada, December 4, 1951:

"I am back on the wrong continent again.

"The strangest thing has brought me back here. I am managing an enterprise for an artist. This chap is an Italian from South America. He came to Europe last year with his paintings to exhibit them, and he visited GARNON, having heard of Imperium, etc. When he learned I was in Naples he came down there to see me, qua author of Imperium, which he regards as a bible.

"He is also a very sick man: cardiac, pleurisy, bronchitis, high blood pressure.

"Write me care of COYNE at Roxanna.

"I am in Canada because BOSCHI is waiting still for a visa to go to USA. Perhaps he won't get it."

Letter dated January 1, postmarked January 2, Montreal, Canada:

"I am in great difficulties with this artist mad man this pin painter. He is in a terrible state of moral deterioration, not to say physical and mental as well."

Letter dated January 22, postmarked January 22, 1952, Washington, D. C.:

"I come hither to find myself some base economic employment, after my BOSCHI enterprise showed itself no longer feasible. I was counting heavily upon old JAEGER---about whom I told you, as you will remember and I learned with one telephone call that he is in Florida until the end of the month.

"I shall be here all week, at least up to Saturday, staying at the YMCA Hotel, 18th and G Streets, a block away from the infamous State Department."

BA 105-643

Letter dated "February 5 or so---, Tuesday anyway", postmarked Washington, D. C., February 5, 1952.

"I called on PATTERSON who arranged an appointment for me with Senator McCARTHY for Saturday P.M. He wanted me to write a speech for him, based on a whole batch, a huge corpus of material, to have it ready by Monday.

"There are still several things to settle with him but it looks as though I have a job. Really quite unbelievable that it should be this particular job. Everything else orally.

"I am usually in my room, Tel: National 8250, ext. 860."

Letter headed Thursday, no envelope:

"I am enclosing a letter to ~~VINETTE~~ ^{M.L.} the which please mail for me. It is written as though it comes from ~~WARREN~~, in case the enemy starts reading her mail in the Roxanna Post Office. This is entirely within the realm of possibility, as is telephone tapping. VINETTE, of course, will understand the letter perfectly. In it I suggest indirectly that she get herself a new mailing address, a post office box in a different place or an arrangement with the neighbors. I mention nothing in the letter concerning Atl. City, or pins. I also tell her, speaking as WARREN that I have just had a card from her brother, FRANCIS from Mexico City, saying he is enroute to Buenos Aires on business. In case the enemy comes to you as he probably will---after checking her telephone calls---this should be your line with him: I visited you for a while, and then left, and then next you heard was the card from Mexico City. If asked about the card, naturally you destroyed it, since you do not collect post cards.

"Tell WARREN you had a call from VINETTE so that he will be alerted for a visit from the enemy and will

BA 105-643

tell them the same story. Treat them distantly and firmly; make them produce their credentials, ask them exactly what they want and do not be helpful at all. Show great surprise that they are seeking poor FRANZ, a model member of the community, etc."

Letter dated May 16, postmarked Atlantic City, May 16, 1952:

"You ought to write to VINETTE and tell her---make it clear that you are speaking for me, but do not mention my name--to get herself another mailing address. Do not mention A. City but tell her that things look good over here---. She has my address here and I have had a letter from her."

"I want you to call me, you should go to a pay station. I really think these precautions are justified because before this I have had this sort of wrong interest taken in me, and I know their standard procedures."

In the above letter, YOCKEY mentions ~~PERRY S. PATTERSON~~, Sandy Spring, Maryland, as a contact of his.

Letter dated May 20, postmarked Atlantic City, May 20, 1952:

"The main reason of course for the Buenos Aires--Mexico City story was the fbi but it does not harm if Dog thinks the story is straight. This is about the third or fourth time the fbi has sought poor FRANZ, each time without success, so each time they will look more intensely and each time I must be more cautious. Remember, do nothing which will leave a record on paper that will connect you to me. Very soon, or perhaps already, they will connect your house to VINETTE because of the long distance phone calls and perhaps also because of mail."

~~CONFIDENTIAL~~Interview of Miss ALICE YOCKEY

Miss YOCKEY, aunt of subject YOCKEY, advised the last time she heard from her nephew was about 2 years ago when she had a letter from him. At that time, Miss YOCKEY stated, she believed YOCKEY was in New York City.

According to Miss YOCKEY, her nephew is a "brilliant lawyer" who had trouble in Germany after World War II when he disagreed with the manner in which Germans were prosecuted in the war crimes trials. Miss YOCKEY stated subject YOCKEY was employed by the War Department as an attorney in the German war crimes trials. She advised YOCKEY's trouble during the war crimes trials came when YOCKEY told his superiors that German war criminals were not being prosecuted under International law, German law, or United States law, and the government had no right to prosecute the Germans, subject YOCKEY contended.

Miss YOCKEY stated that subject YOCKEY's opinion concerning the legal aspect of the war crimes trials was the reason he was dismissed as an attorney with the War Department in Germany.

Subject YOCKEY's aunt stated she had no idea as to where YOCKEY is at the present time. She advised that subject YOCKEY is the "black sheep" of the family because, although he has a fine education and has a brilliant mind, he has never made use of these assets.

Miss YOCKEY stated her nephew is very pro-German and she was of the opinion that this pro-German attitude was brought about by the influence YOCKEY's grandfather, who was a German, had on YOCKEY.

Along with this pro-German attitude, YOCKEY is also anti-semitic, Miss YOCKEY stated. She advised that although YOCKEY had "Jewish friends" he was opposed to "Jewish people" as a whole.

Miss YOCKEY stated that she had been visited recently by a representative of the United States State Department who was attempting to ascertain the whereabouts of YOCKEY. She said the State Department representative did not tell her why he was looking for YOCKEY and only asked questions concerning YOCKEY's present whereabouts.

~~CONFIDENTIAL~~Interview of FRED YOCKEY

FRED YOCKEY, 722 Junior Terrace, advised the writer and SA HORACE H. WILLIS that his nephew, FRANCIS PARKER YOCKEY, was an eccentric, yet brilliant person.

FRED YOCKEY stated FRANCIS PARKER YOCKEY was his nephew. He advised that subject YOCKEY had never actually resided at 722 Junior Terrace, but did visit there occasionally many years ago. He stated the last time he had heard of his nephew was when ALICE YOCKEY received a letter from him several years ago.

FRED YOCKEY said he was not very fond of his nephew because of his frequent wandering and because of the fact that YOCKEY had never settled down and made use of his education.

YOCKEY's uncle stated subject YOCKEY had written many books but FRED YOCKEY was uncertain as to just what was contained in these books.

FRED YOCKEY stated he knew YOCKEY was pro-German and anti-semitic, but advised he could furnish no other information concerning him.

The subject's uncle doubted that subject YOCKEY would contact either him or Miss ALICE YOCKEY. FRED YOCKEY stated YOCKEY would more likely contact his two sisters, Mrs. ALICE YOCKEY and Mrs. SPURLOCK or Mrs. VINETTE COYNE. He advised both Mrs. COYNE and Mrs. SPURLOCK are presently residing in Monterey, California. FRED YOCKEY further advised that Mrs. COYNE's husband, WILLIAM COYNE, is a Lieutenant Commander in the United States Navy, believe to be on active duty at the present time.

SYNOPSIS OF FACTS:

Lt. Commander WILLIAM COYNE states subject's sisters have not heard from subject for approximately eight months. Believes last letter received from subject, came from Belgium and thinks subject stated in letter that he intended to go to Arabia. Mrs. VIVETTE COYNE, sister of subject, advises she does not recall where letter came from, but believes it was postmarked in foreign country. Does not recall subject stating in letter that he was going to Arabia. Mrs. COYNE advised her sister ALICE YOCKEY SPURLOCK, out of city, but that she would not hear from subject, as they do not get along. SPURLOCK and COYNEs reside together in Pacific Grove, California.

DETAILS:

AT MONTREY, CALIFORNIA:

Lieutenant Commander, WILLIAM COYNE, Acting Executive Officer, United States Naval Post Graduate School, and formerly the Security Officer at the School, advised that VIVETTE COYNE is his wife, and that subject, YOCKEY, is his brother-in-law. He advised that his sister-in-law, ALICE YOCKEY SPURLOCK, resides with him in their home at 1136 Surf Avenue, Pacific Grove, California. COYNE stated that neither he, SPURLOCK, or his wife, have heard from the subject in approximately eight months. He stated that to the best of his recollection, they received one short letter in the latter part of 1952, and he believed this letter was postmarked in Belgium. be definite about this. He related that the subject resided with him on several occasions when he was in the United States, and that subject was one of those individuals who, though exceptionally intelligent, preferred traveling around the world, and would never settle down to steady employment. He stated that he has assisted the subject on numerous occasions, financially and generally. When the subject comes to the United States and is without funds, he will stay at his home. He further advised that his wife is about the only one who hears from the subject, and that Mrs. SPURLOCK and subject do not get along well together.

COYNE stated that he actually knows very little about the subject, as he does not generally confide in any of his family. However, he does know that subject is violently anti-Communist, and in all probability, has a tendency to lean toward ~~racism~~ fascism. However, he feels certain that subject is not violating any laws. COYNE advised that he would willingly advise the writer, in the event any member of his family should receive information concerning the subject.

AT PACIFIC GROVE, CALIFORNIA:

Mrs. VERNICE COYNE, 1136 Surf Avenue, advised that to the best of her recollection, they received a letter from the subject in the latter part of 1952; however, she could not recall where this letter came from, and there was no return address thereon. She stated that she believes the letter had a foreign postmark, but she personally did not recall it as being Belgium. She also advised that she does not recall the subject making any statement concerning his expected travels from wherever he was at the time of writing. She pointed out that his letters are exceedingly brief and contain no news at all about his activities. Further, she generally hears from him only when he is in need of money. She also advised that she knows nothing about his activities, other than the fact that he enjoys traveling and will not settle down to steady employment, in view of the fact that he gets bored so easily. She stated that in her opinion, her brother is extremely immature, in spite of his high degree of intelligence, and that he is very gullible, particularly where women are concerned, and is easily influenced in his thinking. She stated that she has in the past, been

~~CONFIDENTIAL~~

very concerned about him, as he is "the baby" of the family. However, due to his complete refusal to settle down and make something of himself, she has decided that it is not worthwhile to worry about him.

Mrs. COYNE advised that her sister, ALICE SPURLOCK, is presently in Los Angeles visiting friends, and is not expected back for another two weeks. She stated, however, that her sister has resided with her for some time, and she knows for certain that she has not received any communications from the subject, pointing out that her sister and brother do not get along; therefore, he stopped corresponding with her several years ago. She advised that the reason they do not get along is that there is a clash of personalities, and the fact that the subject will not do anything to make something of himself. His sister will not condone these actions, and therefore has nothing to do with him.

Mrs. COYNE advised that she would advise the writer immediately, if she receives any information concerning the subject.

The following material had been left in [REDACTED] home by YOCKEY at the time YOCKEY and [REDACTED] left in the spring of 1952. [REDACTED] was formerly married to [REDACTED]. This material was obtained from [REDACTED] on December 17, 1952 by SA DONALD M. HOLLAND.

It is noted that ULICK VARANGE is YOCKEY's pen name.

1. "IMPERIUM"

a. Volume I consists of 405 pages by ULICK VARANGE and was first published in 1948 by Westropa Press, London, N.W.I. This book is dedicated to "The Hero of the Second World War."

The author believes that the culture of our civilization has gradually improved through troubled times over the many centuries. Some of our present-day cultures started in Egypt, China, Mexico, and Peru, etc., around 1000 A.D. The great crisis of the West set in with the French Revolution and its consequent phenomena. NAPOLEON was the symbol of the transition of civilization into culture. Destiny is the hallmark of everything living and the destiny idea is the central motive of organic thinking. Fate is not synonymous with destiny but the opposite. Most highly developed systematizers apply destiny thinking in their daily lives in relationships with other human beings. History is the relationship between the past and the present. The present is constantly changing and so is history.

From page 27, "The determining thing in our outlook on history is the spirit of our age. Ours is an external, factual, sceptical, historical age. It is not moved by great religious or critical feelings."

"Ours is the first age in Western history in which absolute submission to facts has triumphed over all other spiritual attitudes."

Author goes on to describe the meaning of facts and the demise of the linear view of history.

From page 43, "Civilization outside of the West was imperfect, striving to be Western, stammering and fumbling."

It is to be noted on page 45, "The philosophy and science of each culture never became independent of the religious style of the culture; even materialism is only a profane caricature of the basic religious feeling of the culture."

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Author further gives his ideas as to the structure of history in the idealizing of the NAPOLEANIC Empire.

On page 64, "This age and its spirit would not shrink from entering upon its task of building the Empire of the West even if it were told that the outer forces are too strong, that they will never succeed. It prefers to die on its feet rather than live on its knees."

From page 69, "In the Western civilization, the expansive tendency reached the point where by 1900, 18/20ths of the surface of the earth was controlled politically by Western Capitalists."

Found on page 70, "The peak of this long crises exists now in the period 1950 - 2000 and possibly in these very years will be decided forever the question whether the West is to fulfil its last life phase."

On page 71, "The first step in action is thus the liquidation of the spiritual division of Europe. There is only one basis on which this can be done. There is only one future - the organic future."

Written on page 71, "In his victory parade in Moscow in 1945 the barbarian exhibited his western captive slaves to the jeering crowds of his cities and made them drag their national flags behind them in the dust."

The author then comments on the three great thought systems, Darwinism, Marxism, and Freudism, the products of materialistic thought.

On page 108, "No leading men of the coming decades will be Darwinians, Marxians, or Freudians."

It is reflected on page 110, "Science was the supreme religion of the 19th century and all other religions like Darwinism and Marxism referred to its great parent - dogmas as the basis for their own truths. 'Unscientific' became the term of damnation."

Found on page 119, "A projectile which can destroy a city of 200,000 persons in a second, that however is a reality and affects the sphere of political possibilities. It is the spirit of politics which determines the form of war that influences the conduct of politics."

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

On page 121, "The attitude of the 20th century towards science and techniques is clear. Superiority in weapons is essential in order to compensate for the immense numerical superiority of the enemies of the West."

Contained on page 132, "It is better to eat the rations that Moscow and Washington allow than it is to have a proud and free Europe with a 'bad' government."

Author then comments on the nature of politics and how politics is activity in relation to power. He believes politics divides the world into friend and enemy.

Written on page 150, "During the Second World War, for instance, freedom and democracy were used as terms to describe all members of the coalition against Europe, with an entire disregard of Semantics."

On page 155, "Man does not kill like a tiger for food to eat - he kills because of spiritual necessity."

Found on page 161, "They (meaning politicians) wish to abolish war by politics or even by war. If war were gone and politics remained they would then abolish politics by war or perhaps by politics."

The author describes England as a classic example as being on the victorious side in a military sense in World War I but sustaining total defeat in a political sense.

Contained on page 178, "In any age the amount of power in a state system is constant and if one organic unit is diminished in power another unit or other units are increased in power by the same amount."

Found on page 186, "Men who are fighting against the future perhaps have good reason to practice deception constantly, to throw clouds of theories over their actions, to say peace when they mean war and war when they mean peace, and to keep elaborate classifications of 'secret', 'confidential' and the like."

VARANGE then comments on the weakness of the League of Nations and how politics and war go hand in hand.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Found on page 214, "Only political independence can be given up, not political existence. Politics still is present with its existential embrace of the lives of the whole population. We stand before the organic law of protection and obedience."

Found on page 237, "From its anthropology of the basic goodness of human nature in general, rationalism produced 18th century encyclopaedism, freemasonry, democracy, and anarchism as well as liberalism, each with its offshoots and variations."

On page 251, "Historically speaking, democracy is a feeling and has nothing whatever to do with 'equality', 'representative government' or anything of the sort."

Written on page 256, "Communism fitted itself out with a rationalistic philosophy; a materialistic, metaphysic and atomistic logic, social ethic, and economic politics."

On page 257, "But Communism was political, unlike liberalism and named an enemy who must be annihilated - the bourgeoisie."

"Its high point was a Bolshevik Revolution in Russia, 1918, when the theory of Communism was actually adopted by a non-theoretical Asiatic regime as a weapon of foreign policy."

Contained on page 258, "Communism like all Utopias is impossible of realization because they are rational and life is irrational."

On page 259, "The coming wars will thus revive the older practices of enslaving and killing war prisoners and remove the protections hitherto extended to the civilian population."

Author then comments on the different types of culture in the world up to the present time and how it affects all of us. He then lays forth his ideas on the types of people and how their influence has changed politics. He states that various races of people are stronger in some types of culture than other races and that all races have different affects on their country and culture.

Contained on page 385, "The Communists said that nations were only a capitalist trick to separate the 'workers of the world.' Only classes

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

were real - all else is illusion - and there are only two of them, bourgeois and proletaire."

written on page 397, "The absolute state idea represented the future."

The author believes the best for the Western world is the state idea form of government in which all business and utility is owned and controlled by the government.

b. Volume 2, consisting of 280 pages.

Found on page 11, "All that is necessary for the 20th century action - outlook is to understand three phenomena within this larger field of culture pathology, namely culture-parasitism, culture-retardation, and culture-distortion."

Reflected on page 14, "The 40 million immigrants to America from other continents from 1790 up to now did not serve to increase the population of America at all, but only to change the quality of it."

The author states that the Jews are separated from the West by culture.

On page 24, "800 years of robbery, hatred, massacre, and persecution on both sides had roused within the Jew traditions of hatred of the West even stronger than the old Western hatred for the Jew."

On page 25, "The new movements - capitalism, industrial revolution, democracy, materialism - all were tremendously exciting to the Jew."

The author then states that the many immigrants who came to America from Europe brought their own culture from their individual countries with them.

Author comments that after wars the result is culture-retardation. In commenting on the persecution of the Jews in the world, on page 59, "The Jew was within the West but the West was not within him. Persecution strengthens if it stops short of extermination."

The author believes that the Jews are obtaining materialistic products using this to their advantage to fight back at the people of the West.

The writer comments on the American ideology during its early period and believes that American ideology today is dead. He believes ideology of a people is merely intellectual clothing.

In commenting on the Civil War in this country, writer, on page 105, states, "England was prevented only by the attitude of Russia from declaring war on the Yankee Government."

Writer gives a resume of the early history of the United States and the practice of our early American Government.

On page 110, "The Constitution was a lawyer's document with legal phraseology in complete absence of political wisdom."

Contained on page 116, "America acquired its far-flung empire with less bloodshed than any previous conqueror nation in the history of the planet. Every other power that has ever held sway over subject peoples has purchased its position with long and heavy warring. An empire cannot remain at peace."

Author then comments on the American imperialism during the 19th century and how this country and its possessions became so large and how it covered such a great area.

Found on page 136, After World War I "the strongest power, if it had only known it, was America, but, as we have seen, it relinquished most of its new power."

Found on page 142, "Between 1900 and 1915, 15 million aliens immigrated into America."

"Included in these masses were Jews, whose numbers are estimated in Millions."

"From 1890 on began the Jewish invasion of America."

Author then gives his impression of the world outlook of this country during the present time.

On page 153, "The straining after excitement, pleasure, and constant motion has created a vast night life, a crime underworld which staggers the imaginations of Europeans and a hurrying from one thing to another which excludes the possibility of contemplation or individual culture."

Contained on page 155, "For happiness one will compromise anything, give anything, sell anything. Happiness becomes synonymous with the pursuit of economic and sexual motives."

On page 157, "Thus the highest social value is getting along with people."

Writer gives his views on the Negro problem in the United States, then goes on to explain how America is being retarded today because of the big finance capitalists in this country.

On page 174, "Cooperation between the churches is constantly being organized and always for some utilitarian aim, having nothing to do with religion. What this means is the subversion of religion to the programme of culture-distortion."

The purpose of propaganda is to put over the policy to its mentally enslaved masses so says the author.

In commenting on World War II, author states on page 188, "The Washington regime knew this attack was coming and even the day of it, since it had been reading Japanese diplomatic messages; nevertheless it took no military precautions and thus cynically threw away the lives of thousands of American soldiers and sailors."

Found on page 198, "America has not had a sufficient historical experience, it has not the consciousness of politics; to administer or create an empire."

Contained on page 200, "The possibility thus is real and organic that America and Europe will once again be politically united."

Found on page 205, "As Europe now knows, the Second World War was a phenomena of culture-illness. It was created in America, skillfully prepared during the years 1935-1939, and it was cleverly cast into the superficial form of a contest between two European powers of yesterday,

although the real world issue was the uniting of the West against the threat to its life from the gathering outer forces - Russia, China, India, Islam, Africa."

Written on page 206, "The result of this war was also a defeat for America. First, because the issue was false, and second, because the exploitation of its military successes was false."

It is noted on page 239, "The ideal of Communism, as a theoretical programme for the reorganization of society, does not exist in the world of facts, either in Russia or America."

"At the moment, 1948, Russia's sole remaining enemy in the field is America."

Contained on page 241, "Russian diplomacy increases Russian prestige, while American diplomacy rouses hopes of material gain in its subject populations and panders to the lowest instincts of greed and laziness."

Written on page 242, "Russia is the bearer of no Utopian hopes for the West and anyone who believes it is a cultural idiot. Russia is internally split; the ruling regime does not represent the true, Asiatic, religious, primitive, soul, but is a technological caricature of Petrinism and the possibility is inherent in this relationship that one day this regime will go the way of ROMANOF."

VARANGE then criticizes this country in its war crimes and treason trials as lacking in culture on the part of the United States. He believes that we are spreading terror because of this action not only in our country but in Europe. The author continues throughout the two volumes of comparing this country and Europe and the mistakes that have been made by America.

On the paper covering on the outside of both of these volumes, the following notations regarding these volumes are noted:

"These troubled years are in actuality the beginnings of a New Age--the Age of Absolute Politics.

"IMPERIUM states a single great thesis: the entire significance of this Age--its great duality, its provenance, its historical necessity, its destined direction, its inevitable inward conclusion.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

CG 100-25647

"IMPERIUM demands for this Age the modern, historical outlook, and traces the genealogy of that organic thinking which alone can grasp so creative a conception.

"IMPERIUM rejects the Nineteenth Century: the barren survivals of its thought - Darwin, Marx, Freud and the Scientific-Technical world Outlook; its exhausted political nostrums - the pluralistic state, Liberalism, "Democracy," Communism and "League of Nations" ideas, all of which fail to satisfy the organically vital realities of Politics.

"IMPERIUM creates the discipline of Cultural Vitalism, the biography of the elements of Cultural history. The unity and articulation of a Culture rule the components of its organism: Tradition, Genius, Race, People, Nation and State.

"IMPERIUM demonstrates, from the development of each of these components, the organic necessity of the coming State form-the Authoritarian State. It heralds the Resurgence of Authority, the powerful movement now dominating the inner life of the Western Culture.

"IMPERIUM is more than a formal study, more than an abstract philosophy of history. It is a presentation of the fundamentals which at present determine our souls even though we deny or oppose them, an imperative to a world-outlook worthy of our tradition and the destiny of the Western Culture, and a summons to political action in keeping with the Spirit of the Age."

2. Two Editions of the Pamphlet "Frontfighter"
Which Contains Articles By ULICK VARANGE

- a. "Frontfighter" No. 20, January, 1952 issue. This publication is published by the BCM Westropa Press, London, W.C. This article consists of six pages in this issue and is entitled, "Europe's Honour and Kurt Meyer."

Contained on page three.

"If the word honour seems strange to Western ears today, that is in itself no sign that our Western honour is dead, that it was hanged along with the victims of American 'war crime' atrocities. No - neither Jew nor American can deprive Europe of its honour - only Europe can do that."

The author states that General KURT MEYER of Germany who is still in jail, should be released from jail and that he, (MEYER), has served Europe well. The author believes that by occupation forces, America is ruining Europe.

Contained on page seven.

"Let no European think he can bridge this bottomless pit and cooperate with American Bolshevism to 'save' Europe, for such an idea has no meaning."

VARANGE believes that the Americans are profiteering on the Germans today and taking advantage of the Germans because the Americans were victors in World War II.

- b. "Frontfighter" No. 21, February, 1952 issue. Continuing from the last issue of "Europe's Honour and Kurt Meyer," by ULICK VARANGE. This conclusion consists of six pages.

The author claims that the only way for honour of the Germans is to refuse to cooperate with the Americans.

Found on page three.

"The Jew with his perverted sense of honour allows himself to cringe and bow today in the hope of revenge tomorrow."

Written on page three.

"The Japanese honour code lists as dead the soldier captured by the enemy. The family is notified and the funeral duly celebrated."

On page four.

"China and India are landscape words - they describe no State, no Nation, no People. They embody no Mission, no Idea. They have no prestige, no meaning, and no honour is attached to them."

Found on page five.

"Hindus, Chinamen, Sikhs, Moslems, Negroes, these can be mobilized by any dynamic power whatever to fight against the enemy of its choosing."

The author believes that if Europe cooperates with the United States, that the population would be utterly dispersed over the world and Europe would end up as slaves, but if KURT MEYER refuses to cooperate with FISTPOWER, Europe will keep its honour and therewith the promise of reconquering once again on a permanent basis.

3. "The American Destiny" By ULICK VARANGE

Dedicated to the "White American dead of the Second World War who died in vain in a cause not their own."
This manuscript consists of nineteen pages.

The author states the early Americans, after a terrific struggle, made this nation great by continuing with their European culture. However, America today has been taken over by the Jews.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Found on page seven.

"It was a political master-stroke on the part of the Jew to bring out the movement known as Zionism."

The author states that the Jews did not help this country with any of our early wars during our struggle for freedom because there were no Jews in this country, but today they have taken over America. He believes that the Jews today receive special privileges in the Army, in colleges, and control the police and big business. The Jews, after the 1932 election, moved into the Democratic Party and into Washington and have been there ever since.

It is noted on page ten.

"In 1933 there descended on Washington a swarm of Jews headed by BARUCH, ROSTINAN, FRANKFURTER, and MORGENTHAU."

VARANGE states that the Jews today run the government, the newspapers, and influence our entire lives.

Found on page eleven.

"The truth is that the Jew is spiritually worn out. He can no longer charge. He can no longer develop. He can produce nothing in the sphere of thought or research. He lives solely with the idea of revenge on the nations of the white European-American race."

"The Jew went about his aim of destroying the hated Western nations, not by massing fleets and armies of Jews, but by working within each nation."

Noted on page thirteen.

"In 1933 when the Jew captured America, he immediately extended diplomatic recognition to Soviet Russia, and an Ambassador, LITVINOV-FINKELSTEIN, was sent to Washington to congratulate his successful kin."

"1933 was the year of fate for the Jew. In that year, while he gained America, he lost Europe."

Found on page fifteen.

"While white prestige in the world melts away, while the living standard of the white peoples moves steadily downward, the Jew is planning great new power combinations."

"He (meaning the Jews) wants a war at his time and on his terms, on an issue he chooses, in theatres he will decide - a war that he plans for America to lose."

The author believes that America will lose World War III and that some day the Jewish flag will fly over the United States.

4. "America's Two Political Factions"

The last page of which contains the name of VARANGE.
This manuscript consists of six pages.

~~CONFIDENTIAL~~

CG 100-25647

~~CONFIDENTIAL~~

The author states that Europe and South Americans are baffled by the United States' rapid changes in foreign policy.

Contained on page one.

"The American inner-political scene is dominated by two factions, neither of which at this moment exercises a dictatorship. The first, presently the more important of the two, is the Jewish or Communist faction, (the two words are interchangeable in America.) It is well organized, coherent, conscious of its power, conscious in its policy. It knows its objective, and even when temporarily set back, it continually returns to it. The second is the Army or military faction."

VARANCE believes that the Jewish politics is everywhere and that it spells the destruction of Western civilization. He believes the Jews were instrumental in giving Communist spy HISS a light sentence as were given the Communist leaders who were sentenced in this country.

Found on page two.

"An 'anti-Communist' law required all Communists to register, but no penal provision was attached to it. It was defied by all Communists with impunity. All this testifies to the efficiency of the Communist organization in America."

Contained on page two.

"The cabinet minister FORRESTAL, who resisted the official policy vis-a-vis Israel, was killed, and his murder portrayed as a suicide. It is now known everywhere that shortly before his death, FORRESTAL was warned by BARUCH to abandon his resistance to the Israel policy."

On page three.

"In order to enroll the masses of intellectuals - those who believe that because they can talk therefore they also can think - the Jew uses the ideology of Marxism."

~~CONFIDENTIAL~~

The author believes that the Army is lacking in political plans. The top military leaders do what they are told, but they do not know or realize what the objective is of what they are doing.

On page four,

"There are traitors within it like FISHBOW and the infamous MARSHALL. It was MARSHALL, who, in 1941, when he was chief of staff, brought about the Pearl Harbor disaster. Though knowing when and where the attack was coming, he absented himself from his post and deliberately refrained from alerting the garrison in Hawaii. For this direct treason, he received a promotion."

"American foreign policy has become weaker and weaker because of the actions of our military in Europe and in Korea."

The author believes that America cannot help Europe. Europe must help itself and develop its own resources.

Noted on page six.

"Europe will not fight under the banner of its enemy."

5. "Handbook of Imperialism"

Which consists of three pages, the front page and two pages of "Morphology of Imperialism". The name of the author was not shown.

The author of this article gives examples of types of imperialism and then gives examples of decadence and compares imperialism and decadence. The author concludes by questions. Why does a culture last only a thousand years or a man live to approximately seventy years of age? Why can't they last longer?

6. "Europe's Honour and Kurt Meyer"

It is to be noted that this is the same article as published in the two editions of "Frontfighter" which was previously summarized under number two above.

2. "Spengler and the Western Imperium"

A commentary on Prussianism and Socialism consisting of sixty-two pages, name of author not shown.

The German reader has much better reading than the American. In order for a people to improve themselves, they must improve their culture. SPENGLER saw correctly the German Revolution of 1918 and the future of Germany. The author believes that the West is slowly declining in its civilization.

After the First World War, Japan, Russia, and the United States were the victors. England, France, and Germany lost the war. A power cannot be made great unless it can stand alone. America is very weak politically and tends to lose everything politically that they gain militarily.

The coming of World War I and II was realized by all political thinkers. Russia emerged from World War II as the greatest power in the world. America in defeat of Japan was an aid to Russia.

The United States is preparing for World War III and is trying to get a European Army to fight for them. Any nation which welcomes foreign troops is dead. Europe has been great in the past and the author believes it will again be some day. Europe has many inner enemies, the worst enemy being capitalism.

The outer enemies of Europe are America and the coloured revolution against the world supremacy of Europe. The other enemy is Russia.

Europe paid for America's victory with seven million battle deaths. America needs Europe to start World War III. In America and Russia people are used to thinking of large distances as being near due to the size of the countries, but in Europe, due to the small size of their country, people think in terms of small distances. Both Europe and the United States are trying to gain an advantage. The only thing to save Europe from both Russia and the United States is for the United States to get out of Europe.

8. "Proclamation of London of the European Liberation Front"

This booklet contains the name of no author and consists of thirty-two pages.

The first political expression of Europe was in the Crusade. Since this time there has been political struggle between the states in Europe. The age of materialism in Europe was born in the 18th century. The Jews received their greatest reward and success in America because there was no tradition in America like there is in Europe. There is a social degeneration in Europe which to a large part has been caused by Hollywood movies. Culture disease is great in America but that America can be helped by the liberation front.

The Jews were responsible for hostile developments in Europe and the cause of poisonous propaganda to spread throughout the world. There is terror everywhere in Europe now that the power of every European State has been destroyed. The liberation front in Europe has a great job. Its job is to expell all aliens from the soil of Europe and the construction of the Imperium of Europe. Treason in Europe today means only one thing and that is serving any other force than Europe. It is every European's job to liberate Europe.

Reference is made to the New York air-tels dated 9/9, and 9/15/53, in the matter entitled, "American Committee for the Advancement of Western Culture, Internal Security - X," of which your office was furnished copies.

It was indicated in the above-mentioned air-tels that Weiss' Writings had been composed by a man known to the informant as Frank Healy, Ulrich Varenge, FNU Yockey. In view of subject Yockey's known pro-Nazi and pro-Fascist activities, this Frank Healy is possibly identical with the subject. You are instructed to report in subject Yockey's case file all pertinent information pertaining to his activities in the neo-Nazi groups in the United States. Letter to Director, FBI
NY 105-3562

b7D [redacted] advised that FREDERICK C. F. WEISS has composed many writings for neo-Nazi groups in the NY area, mainly for an organization known as the "National Renaissance Party." [redacted] believes that since December, 1952 FRANCIS PARKER YOCKEY has been the man who is composing the writings put out by FREDERICK C. F. WEISS, which are utilized by the neo-Nazi groups in NYC. This is only a surmise on [redacted] part, and he has no specific info to back this belief. He believes that this is so, since he is acquainted with YOCKEY'S style of writing from the book "Imperium", and from other work that YOCKEY did for [redacted]

b7D [redacted] had been registered with the Dept. of Justice as a registered foreign agent for the "Socialist Reich" Party in Germany. [redacted] had listed YOCKEY in this report under the name FRANK HEALY as one of the persons who was assisting [redacted]

[redacted] advised that the Socialist Reich Party (SRP) is the party in Germany which advocates the return to national socialist theories in Germany.

b7D [redacted] advised YOCKEY that he had listed him in this report to the Dept. of Justice under the name FRANK HEALY. YOCKEY indicated that he wished that [redacted] had not done this, and gave some indication to [redacted] that the FBI was looking for him, YOCKEY. Thereafter, [redacted] never saw YOCKEY again.

b7D However, [redacted] heard from [redacted] that YOCKEY has gone to Europe, and [redacted] indicated to [redacted] that YOCKEY was travelling under a false passport, but did not furnish to [redacted] the name under which YOCKEY was travelling. [redacted] advised that [redacted] indicated that this false passport had been secured for YOCKEY through an acquaintance [redacted]

Letter to Director, FBI
NY 105-3562

b7D [redacted] on several occasions,
indicated to [redacted] that [redacted]
[redacted] is associated in some way
with "gangsters." b7C, b7D

b7D [redacted] advised that he has had no personal con-
tact with YOCKEY since sometime in October, 1952, but that
[redacted] advised him about two or three months ago that YOCKEY
was travelling in Europe under this alleged false passport.
[redacted] knows nothing further as to YOCKEY'S present where-
abouts, but promised to advise this office if he does receive
any info as to the present location of YOCKEY.

b7D [redacted] related that the writings of FREDERICK
C. F. WEISS in the past have always been strongly anti-
Communist and anti-semitic.

b7D [redacted] advised that in December, 1952 these
writings of WEISS seemed to indicate a "soft pedalling"
of the anti-Communist attitude of WEISS. [redacted] has
advanced his suspicion that possibly WEISS is accepting
Communist financial support, and this is why the writings
of FREDERICK C. F. WEISS are no longer strongly anti-
Communist, but seem to favor the Soviet viewpoint to some
extent. [redacted] advised that from the tone of the
composition of these recent writings of FREDERICK C. F. WEISS
he believes that some are being composed by YOCKEY. He has
no information to substantiate this, except that he believes
the style of writing is similar to that used by YOCKEY in the
past.

b7D [redacted] stated that WEISS' association with
YOCKEY is one of the reasons for [redacted] suspicion that
WEISS may be accepting Communist financial support. In
support of this, [redacted] stated that he had written to
[redacted]
asking for any info [redacted] might possess re YOCKEY.

b7D [redacted] described [redacted] as
presently a political fugitive from [redacted]
[redacted] 60-111111

Letter to Director, FBI
NY 105-3562

b7D [redacted] stating [redacted] supports the national socialist theories in Germany, and seeks to revive some of the principles of national socialism in Germany.

b7D [redacted] said that he had received a reply from [redacted] dated 1/28/53, and [redacted] supplied a copy of this letter from [redacted]

b7D Photostat copies have been made of [redacted] letter to [redacted] and the original letter from [redacted] to [redacted] has been returned to [redacted]

b7D Two photostat copies of the aforementioned letter of [redacted] to [redacted] are being forwarded as enclosures to this letter to the Bureau, and one photostat copy is being forwarded as an enclosure with a copy of this letter to Chicago.

b7D It is noted that the enclosed letter reflects that about the end of 1949 an acquaintance of [redacted] met with YOCKEY in London, England, and during this meeting YOCKEY began to praise the Soviet policy in Germany, and asked this acquaintance of [redacted] to help him organize secret partisans in west Germany, who would be prepared to collaborate with the Soviet military authorities in action against the western occupying powers. Further, it is noted that the enclosed letter reflects that an acquaintance of [redacted] met, in 1950, with one GUY CHESHAM, who is alleged, in enclosed letter, to be an associate of YOCKEY, and that CHESHAM at that time indicated that possibly in the future they might be able to secure financial support from the Soviet Embassy in London.

b7D It is noted that in enclosed letter [redacted] states that, according to latest reports, YOCKEY is now in Frankfort working for the U.S. Red Cross.

b7D [redacted] did that he had shown the enclosed letter to [redacted] and believes [redacted] transmitted the contents thereof to YOCKEY in some manner. [redacted] believes this because [redacted] subsequently received

Letter to Director, FBI
NY 105-3562

b7D from [REDACTED] a copy of a letter written by YOCKEY, under the name "VARANGE" to [REDACTED] dated 1/24/53.

b7D Two photostats of YOCKEY'S reply to [REDACTED] are being forwarded as enclosures with this letter to the Bureau, and one copy of said letter is being enclosed with copy of this letter to Chicago.

b7D It is noted that YOCKEY'S reply to [REDACTED] dated 1/24/53, indicates that it was written in "Beirut."

b7D [REDACTED] requested that in addition to his name being kept confidential, he would request that, if at all possible, the identity of [REDACTED] as the writer or recipient of enclosed letters, also be maintained on a confidential basis, if the contents of same are furnished to outside agencies. [REDACTED] said that he made this request since he felt that the disclosure of the contents of enclosed letters to an outside agency might result in disclosing that [REDACTED] furnished said information to this Bureau.

The above info is being transmitted in letter form since it is not known to this office as to whether the Chicago Office, as office of origin, may have already received the above info, and may have already reported same. Accordingly, the above is being transmitted for the information of the Chicago Office as office of origin in captioned case.

The title of this case is being marked "Changed" to delete the name EGIDIO BOSCHI as a subject in view of the fact that EGIDIO BOSCHI never entered the United States and returned to Europe in May, 1952, *and to include Frank Healy as an added alias for subject.*

T-1, a government agency, furnished information which was received on August 11, 1953 that subject had been reported to T-1 as an American subject who is now in Cairo, Egypt, residing at the Luna Park Hotel. Subject spends his time writing anti-Jewish articles in Cairo and is known to be associated with the liberation front in England. T-1 advised the above information was furnished to them by an individual whose reliability could probably be questioned. *State Dept. info undesirable per State let 5-27-53*

The Washington Field Office, on October 5, 1953 placed a stop with the Collector of Customs regarding the subject in the event YOCKEY attempts to reenter the United States.

T-2, of unknown reliability, but in a position to furnish information regarding persons active in Neo-Nazi activity in the New York area, advised on September 14, 23 and 30, 1953 that a committee was formed in the Spring of 1952 to free Major General REMER, who has been convicted as a war criminal and was imprisoned by the allied authorities, having been sentenced as a war criminal.

In about October, 1952 [REDACTED]

b7D [REDACTED] introduced to T-2 an individual who was identified from a photograph as FRANCIS PARKER YOCKEY. YOCKEY told T-2 that his name was FRANK HEALY and also told informant that he had written the book entitled

Mrs. Francis Parker Yockey

b7D ^① "Imperium" under the pen name ULICK VARANGE. Further, YOCKEY told informant that he, YOCKEY, was a lawyer and that he was living in New York City with his wife, VICTORIA. Informant had no address for YOCKEY in New York City, stating that he contacted YOCKEY solely through [REDACTED] YOCKEY, on several occasions, during October, 1952, assisted [REDACTED]

b7D T-2 advised that FREDERICK C. F. WEISS has composed many writings for Neo-Nazi groups in the New York area, mainly for an organization known as the "National Renaissance Party". YOCKEY was registered as a foreign agent for the "Socialist Reich" Party in Germany with the U. S. Department of Justice under the name of FRANK HEALY. YOCKEY indicated that he wished he had not been registered with the Department of Justice and believed that the FBI was looking for him. Informant heard from [REDACTED] that YOCKEY had gone to Europe and [REDACTED]

b7D indicated to informant that YOCKEY was travelling under a false passport but did not furnish to the informant the name under which YOCKEY was travelling. Informant advised that [REDACTED] indicated that this false passport had been secured for YOCKEY through an acquaintance [REDACTED]

b7D Informant stated [REDACTED] on several occasions, indicated that [REDACTED] is associated in some way with "gangsters".

b7C, b7D

b7D Informant advised he has had no personal contact with YOCKEY since sometime in October, 1952 and that [REDACTED] had advised in summer, 1953 that YOCKEY was travelling in Europe under this alleged false passport. Informant knew nothing further as to YOCKEY's present whereabouts. Informant related that the writings of FREDERICK C. F. WEISS in the past have always been strongly anti-Communist and anti-Semetic. T-2 believed that in December, 1952 these writings of WEISS seemed to indicate "soft-peddling" of the anti-Communist attitude of WEISS. Informant stated that WEISS' association with YOCKEY is one of the reasons for the informant's suspicion that WEISS may be accepting Communist financial support.

T-2 stated that in the latter part of January, 1953, T-3, an individual known to T-2 who is of unknown reliability, expressed his opinions and furnished information concerning subject and subject's activities which were as follows:

During 1948 there appeared in England a book entitled "Imperium" published by Westropa Press, London, England. This was the work of the U. S. Lawyer FREDERICK YOCKEY using the pseudonym ULICK VARANGE. This book later provided the ideological basis of a new political movement of which the European liberation front was the open and propagandist section.

F. YOCKEY was born in Limington, Illinois, USA, and is approximately 40 years of age. He was educated at the local high school and later visited a Chicago law school where he is believed to have graduated. No facts are known about his antecedents and his early life does not appear to have been subject for any publicity. At some time during the war he became a member of the U. S.

Army and served in the Psychological Warfare Branch and War Crimes Commission. He was also a member of the prosecution at the Nuremberg Trial. According to YOCKEY, upon his arrival in Europe, he became converted to the cause of "Authoritarian European Nationalism". The latter part of his career in the U. S. Army was spent in Germany. In 1946-47 YOCKEY made his way to London after leaving the U. S. Army and immediately commenced his political activity. The first object of his attention was OSWALD MOSLEY, who in 1947 launched the so-called Union Movement. YOCKEY was able to establish a satisfactory contact with MOSLEY and became a paid member of the organizing staff of the Union Movement. His work for same was in European Contact Section and his closest colleague in this section was the leading functionary, GUY CHESHAM. YOCKEY pursued the aim of making extensive contacts through Union Movement and drawing around himself a circle of people. This was to provide the basis for a new political movement with an Eastern orientation -- advocating Neutralism and extremist anti-American activity. Principal persons in this circle were GUY CHESHAM, PETER J. HUXLEY BLYTHE, BARONESS A. VON PFLUGL, OLIVER GROSE, F. GANNON, R. G. LOWE. The activity of this ring in Union Movement became linked to the activity of ALFRED FRANKEL KRIESCHE, then leading German advisor to the Union Movement. Through KRIESCHE, YOCKEY established relations with an organization referred to as the Bruderschaft in Germany.

In 1947 YOCKEY was engaged in preparing his political and ideological book "Imperium". In writing this book he received certain assistance from GUY CHESHAM and after it was written the Baroness VON PFLUGL financed the printing and publication of the work, which appeared in two volumes (early in 1948). In this connection it should be noted that the Baroness VON PFLUGL is the grand-daughter of an individual named ALEXANDER, now deceased. The publishers, Westropa Press, was a dummy concern, having its address as a Box number of the British Monomark Company. The printers, C. A. Brock Company, Ltd., are a commercial firm undertaking work for Marxist associations. The ideological standpoint is largely based on an extension of the political writings of OSWALD SPENGLER. Certain influences of the Jewish "Cultural-Historian" Egon FRIEDEL are also present. The book is dedicated

to the "Hero of the Second World War". The following ideas are stressed: The historical necessity for the development of Imperium -- the Authoritarian European Realm providing the basis for the Caesarian Imperialism of the Late Culture of the Faustian civilization in Europe. The name ULICK VARANGE signifies Ireland-Russia. All differences between the viewpoint of SPENGLER and that of National Socialism are still further developed. A subjective concept of race is furthered on Spenglerian lines. Environmentalist viewpoints are also stressed. Privately YOCKEY likes to be considered as a disciple not only of SPENGLER but also of MOLLER VAN DEN BRUCK. He completely rejects the ideas of ALFRED ROSENBERG. The style of Imperium is a crude imitation of the Literary style of OSWALD SPENGLER, similar to a Hollywood Film production. Clever application of Spenglerism to the needs of present-day political maneuvering - adapted to the political aim of YOCKEY in his bid to set up a movement of European Authoritarian nationalists.

The development of the open activity of the circle of F. YOCKEY resulted in the founding of the European Liberation Front (ELF). No exact date can be given as the arrangements remained restricted to persons close to YOCKEY. A brochure was published by Westropa Press entitled "The Proclamation of London". This contained a statement of the fundamental points of the policy of the ELF and the actual authors were YOCKEY, BLYTHE, CHESHAM and GANNON. A digest of "Imperium" appeared stressing ostensibly the opposition of ELF to all democratic forces. The brochure was written in such a way as to suggest that a conference of European figures had been held in London and that this was Proclamation. It is believed that the conference was in fact merely a meeting of a few nonentities in London under the skillful guidance of the U. S. Lawyer YOCKEY. Since this time J. P. HUXLEY-BLYTHE has maintained a constant interest in the organization of international conferences of this character. The London Conference was said to have occurred in 1943. The crudity of the ELF in making use of the methods of American sensationalism, while advocating European and anti-United States policies, was a principal reason for the failure to make a notable impression in England.

At the end of 1949 arrangements were made for the publication of a cyclostyled four-page bulletin entitled "Frontfighter" the organ of the European Liberation Front. YOCKEY selected P. J. HUXLEY-BLYTHE to be editor of the "Frontfighter". The editorial office was 33 Wensley Avenue, Fleetwood, England. In production of this bulletin HUXLEY-BLYTHE worked in the closest collaboration with YOCKEY and GANNON.

During the period of the preparation for launching the ELF, a private meeting took place in the house of Baroness VON PFLUGL, Park Gate West, London. YOCKEY immediately launched on an attack on the Union Movement which he described as an instrument of U. S. policy. Speaking in German fluently he began to praise the German policy in Germany, in particular referring to the so-called Army of SEYDLITZ and PAULUS. YOCKEY asked for cooperation in order to help him organize secret partisans in Western Germany who would be prepared to collaborate with the Soviet Military authorities in action against the Western Occupying Powers. YOCKEY, small, dark, of unknown mixed races, pale and intense, walked up and down in the large apartment of the Baroness, speaking of the soul of Germany and its orientation eastwards. YOCKEY claimed that if his proposal were accepted we would be initiated into a vast and world-wide secret organization, working to establish an Authoritarian State, "the real national socialism". YOCKEY claimed that this organization was already millions strong and that he was a representative of the leader, whose name he kept secret. YOCKEY stressed that to start with he did not contemplate the use of anti-Jewish propaganda. First of all he wanted to found a sensational newspaper, specializing in anti-American agitation. YOCKEY did not expect to be meeting with persons who could evaluate the political implication of SPENGLER and MOELLER.

CHESHAM revealed the fact that he was promoting a definite line of policy in seeking collaborators. The main trend of this policy was based on "Imperium" and the concept of YOCKEY, BLYTHE and Baroness VON PFLUGL. CHESHAM outlined a policy of infiltration into all nationalist groups with a view to seizing control within or organizing sabotage. The political direction of this activity was to be violently anti-American, avoiding all

anti-Bolshevist conceptions. No anti-Jewish propaganda was to be permitted. It was furthermore suggested that forces could be raised in England for direct action against American military bases in England. The Communist Party in England, as CHESHAM stated, has come to a stand still so that it is making no progress. Therefore, if we organized successfully an anti-American front with popular support it would become possible to obtain financial support from the Soviet Embassy in London. This statement was further amplified by reference to an organization of a similar nature being set up in Germany.

Germany The organization in Germany was to be the concern of YOCKEY, at that time reported to be in Germany, and it was also mentioned that the agreement had been reached between F. YOCKEY and ALFRED FRANCKE-KRIESCHE for collaboration and also for publishing a German translation of the "Imperium" KAUFFMANN in Hamburg, Germany, and BECK-BROICHSITTER had been approached but these persons were not actively concerned in the plan as they had not agreed with all of the proposals made to them by YOCKEY. CHESHAM stated that ADOLPH HITLER and ALFRED ROSENBERG had "distorted the real National socialism". Real National Socialists believed in SPENGLER and VAN DEN BRUCK.

Later in the same week GANNON arrived from Fleetwood to report on his work with HUXLEY-BLYTHE. CHESHAM attempted to create the impression that all these persons were acting quite independently and that his "personal project" was something quite new. CHESHAM stated that YOCKEY had large connections in Italy and worked in conjunction with an Italian Politician, STASSI, Editor of the monthly journal "Imperium". Special stress was laid on the building contact with all ex-soldier organizations as the most important channel for future political activity.

According to the latest reports, YOCKEY is now in Frankfurt working for the U. S. Red Cross.

T-2 advised that subject had learned of T-3's statements concerning him and reacted with allegations and threats which are substantially as follows:

YOCKEY stated that an article on the Prague trial of SLANSKY, et al, was by YOCKEY and it foretold the Russian break with JEWRY which is becoming deeper and more complete every day. This development, arising as it did from the absolute identity of American and Jewish policy, is favorable to our fight for the liberation of Europe from its outer enemies, America-Jewry and Russia. The contents of the article did not reach T-3's limited comprehension because, he, like a true Freudian, wished not to understand, but only to besmirch anything superior to him.

T-3 told a mass of lies beginning with an incorrect name for YOCKEY which did not exist and a formal educational background which is incorrect and even went so far as to invent a career for YOCKEY in the U. S. Army which he did not have. T-3 stated that YOCKEY was "converted" to what is called "Authoritarian European Nationalism" in Europe. The fact is that YOCKEY's doctrine, whose principles are entirely superpersonal, is called "Imperialism" and that YOCKEY arrived at its fundamentals in the year 1936, before he had ever visited Europe.

T-3 misinterpreted in a stupid fashion YOCKEY's relations with MOSLEY. YOCKEY was interested in MOSLEY's possibilities because of his pre-war orientation as Hitler's voice in England. When YOCKEY discovered that MOSLEY was pro-Churchill and pro-American and anti-Russian, an outrage, even to the extent of mobilizing Europe to fight for American-Jewish victory over Russia, YOCKEY left him. MOSLEY is an effective American agent just as ADENAUER is, just as T-3 is. It is entirely unimportant whether or not T-3 or MOSLEY are paid as well as ADENAUER.

YOCKEY has never read, or quoted, MOELLER VAN DEN BRUCK. T-3 lies about the publication of "Imperium". T-3 lies about the London Proclamation. Only an idiot like the informant could believe that such a work could be the work of four authors.

These harmless, unmotivated lies, concern YOCKEY little. More serious is the lie which would link YOCKEY with CHESHAM, who was expelled from the Liberation Front in 1949 for intrigue with

vicious elements. Serious also is the lie that YOCKEY has met BECK-BROICHSITTER and KAUFFMANN, and the attempt to link YOCKEY with Mrs. VON PFLUGL of London, who is a psychopath, and who has never had any connections, nominal or otherwise, with the Liberation Front. Most serious of all is the suggestion, which T-3 conveyed only by innuendo and is too cowardly to state it outright, that YOCKEY is a Russian agent and that the Front pursues a pro-Russian policy. To the extent that T-3 has spread this lie he will be required to retract it.

The last point remains to be made on the negative side. T-3 injected a personal note when he tried to insult YOCKEY's race. He claimed that YOCKEY is "small, dark, of unknown mixed races, pale". His height is that of ADOLPH HITLER; his complexion is white; his race is exclusively European. For this stupid attempt at personal slander T-3 must give YOCKEY satisfaction if YOCKEY is ever in T-3's vicinity. If T-3 refuses, out of cowardice, he shall be flogged before witnesses.

T-3 and his kind - YOCKEY referred to the European Michel stratum, and in particular to its leaders, the Churchills - are Europe's most dangerous enemies. T-3 is a whited sepulchre, uncreative, uncomprehending and full of malice and crooked jealousy of those with life in them, those who would lead the West forward on its great mission. T-3 and his kind alone make possible the looting and despoiling of Europe by the American-Jewry forces. T-3 and his kind alone made possible the victory of the Jewish-American-Russian coalition over Europe. With T-3's talk of petty-nationalism, he is helping to perpetrate the conditions in Europe which make possible the continued Jewish-American domination.

YOCKEY now states, not confidentially, that T-3 is an agent of American-Jewry charged, on a lower plane, with the same mission as Gasperi, Gaulle, Adenauer, Zeeland, Mayer, Churchill et al; namely, the maintenance of the Jewish-American hegemony over Europe. T-3's method is the same as theirs, the attempt to identify American-Jewish interests with Europe's interests. Informant's propaganda is the same; T-3 labels all European Imperialists as Russian agents.

CG 100-25647

YOCKEY's policy and the policy of European Liberation Front aims at unconditional liberation of Europe's soul and Europe's soil from American-Jewry and from Russia. American-Jewry controls 90 per cent of Europe's soil; Russia controls 10 per cent of Europe's soil. Elementary political tactics reveal from whom Europe can gain power over its own Destiny once more.

YOCKEY's attack on T-3 is not because informant is dark and pale nor because of his "vertical" race. These things do not interest YOCKEY and he knows nothing of informant's "vertical" race. YOCKEY merely knows that T-3 practices a practically loathsome and disgusting trade, and that T-3 continues in his tradition. YOCKEY attacks him because of his political orientation. T-3 is an agent of American-Jewry; he is a miserable spy, a professional liar, a traitor to Europe, a cultured, retarded idiot, an agent of culture-distortion, a wretched Michel, a foul conniver, a crooked, effeminate gossip.

YOCKEY is going to warn all members of his race who should be warned of T-3's hateful mission and his vile character.
